QVL Overview

The Office of State Procurement (OSP) issued a Request for Qualifications (RFQ) on behalf of Public Agencies to issue a Qualified Vendors List (QVL) of prequalified Contractors. Contractors listed on the resultant QVL may contract with Public Agencies, as needed, to provide online advertising and electronic bid submission of public works bid solicitations.

The RFQ may be opened annually if one or more of the Contractors is removed from the QVL. It will be the decision of the Public Works Committee to determine if the RFQ will be re-opened.

QVL Term

The current term of the QVL is August 8, 2019 – August 7, 2025. The State may renew a Contractor's qualification status for up to one (1) additional one-year terms or portions thereof, not to exceed a total aggregate QVL term of seven (7) consecutive years.

Who can use this QVL?

Any Public Agency as defined by Act 1075 of the 92nd General Assembly.

"Public agency" means:

(A) A county, city, town, and school district in this state; and

(B) A department, agency, board, bureau, commission, committee, or authority of a county, city, town, or school district.
