INTRODUCTION

This document is a composite of the Arkansas Procurement Law, Procurement Rules and extracts from other laws.

The reference index enables quick access to the appropriate subject being researched. It also identifies the section of the law and/or rule that applies (use “Ctrl F” as a search tool).

The numbering system used is keyed to the numbering of the Arkansas Code of 1987 Annotated. The title, chapter, subchapter, and section of the code references are contained within the number. Thus, in the designation “19-11-201,” the “19” means the provision is in Title 19, the “11” indicates chapter 11, and the “2” in 201 means subchapter 2, with the “01” indicating the first section of the subchapter.

The rules are identified by the letter “R” and the rule number prior to the code reference. For example, in the rule designation “R5:19-11-229,” the “R5:” indicates it is the fifth rule; four rules precede it and others may follow. The “19-11-229” is the statute to which the rule relates. Rules are inserted immediately following the appropriate section of the law. The State Procurement rules should be cited as “OSP Rule (rule number).” Thus, a citation to rule R5:19-11-229 should be cited as “OSP Rule R5:19-11-229.”

The appendices contain information that can be of use to state agency procurement personnel and vendors not included in the body of this document.

N.B: Pursuant to Ark. Code Ann. § 1-2-123, if the official electronic version of the Arkansas Code, from which the statutes in this document were taken directly word for word, differs from the official hard-copy version of the Arkansas Code, the hard-copy version shall take precedence over the electronic version.

R1:19-11-203. DEFINITIONS OF TERMS USED IN THIS ACT.

(a) “**Commodities**” is a broad term that encompasses all personal property, except for those categories of personal property expressly exempted under Arkansas Procurement Law.

The following are specifically included as commodities under Arkansas Procurement Law:

- (i) Goods, as defined in the Arkansas Commercial Code at § 4–2–105;
- (ii) Leases of Goods, as defined in the Arkansas Commercial Code at § 4-2A-103; and
- (iii) Insurance.

Ark. Code Ann. 19-11-203(4)(B) expressly excludes real property, leases of real property, other permanent interests in real property, capital improvements, and excluded commodities and services from being considered “commodities” for purposes of Arkansas Procurement Law. Certain types of commodities that would otherwise fall within the definition of personal property are expressly exempted from the application of Arkansas Procurement Law at Ark. Code Ann. § 19-11-203(14). State agencies not authorized to procure commodities through Arkansas Procurement Law may be authorized to do so under other applicable law. Exemption from Arkansas Procurement Law does not automatically exempt any state agency or officer from other laws governing the expenditure of public funds or the ethical restrictions at Ark. Code Ann. § 19-11-701, *et. seq.*

(b) “**Consulting services**” means services of providing professional counsel and expert advice.

(c) “**Employment agreement**” means an agreement between a state agency, as employer, and its employee in which the terms and conditions of the employee’s employment are stated. An independent contractor who, in the course of *his, her, or its* independent occupation or profession, provides services to a state agency pursuant to a contract is not an employee simply by virtue of having a contract with a state agency.

(d) “**Personal services**” means services unique to the specific individual and personality providing them, as opposed to services that are fungible and could be provided by any person based on a set of skills or knowledge. Personal services of visiting speakers, lecturers, and performing artists may be procured without any competitive procurement because they are expressly exempted from Arkansas Procurement Law. Any personal services provided by a contract employee under an “employment agreement,” as defined below, are excluded by definition from being considered “services.”

(e) “**Professional services**” means services furnished by or under the supervision of a professional who has been specially trained to provide such services. A “professional” is a person who belongs to a learned profession or occupation that requires a high level of training, specialized knowledge, proficiency, and often a professional license. Professional services include medical, legal, financial advisory, architectural, engineering, construction management, and land surveying services. Under state law, legal, financial advisory, architectural, engineering, construction management, and land surveying services must be procured by means of a request for qualifications. Absent authority from the State Procurement Director, the request for qualifications shall not be used by state agencies to procure any other professional services unless the State Procurement Director determines by rule or in writing that the request for qualifications process is warranted. Note, contracts to pay physician fees and medical fees are exempt from Arkansas Procurement Law under Ark. Code Ann. § 19-11-203(14)(H). Although contracts to pay for such fees are exempt from Arkansas Procurement Law, to the extent reasonably practicable, reasonable care should be taken to ensure that professional

competence is considered with respect to such services. Consequently, the State Procurement Director recognizes a request for qualifications as a suitable method for procuring such services where reasonably possible without the need of advance approval from the Director in light of the exemption provided in Ark. Code Ann. § 19-11-203(14)(H).

(f) “**Services**” is defined at Ark. Code Ann. § 19-11-203(27)(A). It refers to the labor, time, or effort that a contractor furnishes under a contract as performance for separate consideration and not labor, time, or effort included in or incident to the production or sale of a commodity or commodities.

Labor, time, or effort are “included in” the production or sale of a commodity if expended within either the production or sale of the commodity and are not set apart for separate consideration outside of the purchase price of the commodity.

Labor, time, or effort are “incident to” the production or sale of a commodity if they accompany the production or sale of the commodity as a minor consideration, even if a separate but relatively small fee is paid to the contractor for it. For example, where the purchase of a computer includes delivery and installation for a relatively small fee, the labor, time, and effort involved in the delivery and installation of the computer are incident to the sale of the commodity.

After the State’s procurement and acceptance of a commodity as conforming to the contract, subsequent labor, time, or effort furnished by a contractor with respect to the commodity are considered “**services**” for purposes of Arkansas Procurement Law if they are not incident to the original procurement of the commodity and there is a separate consideration paid for those services. Labor, time, or effort that a contractor furnishes for the customization, generation, configuration, or development of software, beyond that which is incident to the procurement, installation, maintenance, and routine technical support of the software, are considered “**services**” for purposes of Ark. Code Ann. § 19-11-265.

Based on the exclusionary definition in Ark. Code Ann. § 19-11-203(27)(C), the following types of contracts are excluded from being considered a “contract requiring services” within the meaning of Ark. Code Ann. § 19-11-265: (1) employment agreements; (2) collective bargaining agreements; (3) architectural or engineering contracts requiring approval of the Division of Building Authority or the Division of Higher Education; and (4) other commodities and services exempted by law.

(g) “**Technical and general services**” is defined at Ark. Code Ann. § 19-11-203(34)(A). It is a term that generally encompasses the broad range of services that are not professional services.

R2:19-11-203. DEFINITIONS OF EXEMPT COMMODITIES AND SERVICES USED IN THIS ACT.

Certain types of services that would otherwise fall within the definition of services are expressly exempted from the application of Arkansas Procurement Law at Ark. Code Ann. § 19-11-203(14). State agencies not authorized to procure services through Arkansas Procurement Law may be authorized to do so under other applicable law. Exemption from Arkansas Procurement Law does not automatically exempt any state agency or officer from other laws governing the expenditure of public funds or the ethical restrictions at Ark. Code Ann. § 19-11-701, et. seq.

EXEMPT COMMODITIES AND SERVICES MEANS:

- (a) Under subsection (14)(D)(i) – Commodities procured for resale does not include items used to support the sale of goods or services such as reusable items or items used in preparing, serving, dispensing, or packaging, except for vendor packaging included with the item purchased.
- (b) Under subsection (14)(G)(i) – Farm products includes unprocessed feed for livestock.
- (c) Under subsection (14)(K) – “License” does not mean software license.
- (d) Under subsection (14)(M) – Livestock breeding to include ova and semen.
- (e) Under subsection (14)(N) – Technical equipment for maintenance purposes shall include, but not be limited to, medical, dental, laboratory, and health aid equipment, climate control equipment, water treatment services, elevators, musical instruments, communications equipment, data processing equipment, and specialized research equipment.
- (f) Under subsection (14)(Q) – “Perishable foodstuffs” means the raw material of food before or after processing, such being liable to spoil or decay in a short duration of time, such as (but not limited to) produce, eggs, or milk.
- (g) Retail gasoline credit card purchases are exempt by [rule] regulation, regardless of the amount.
- (h) Renewals of termite protection contracts with the contractor who performed the initial treatment of the facility are exempt. Not exempt are termite protection contracts which include the initial treatment.
- (i) Under subsection (14)(H) – Fees that are uniform and fixed in advance by an authoritative body, such as fees for membership in professional associations, court filing fees, witness fees, workshop fees for professional conferences or training, medical fees and physician fees, are exempt from Arkansas Procurement Law. Fees that are payment for professional services for which there is generally free market competition and which may reasonably be subject to negotiation, are not exempt from Arkansas Procurement Law.
- (j) Under subsection (14)(EE) and subsection 23(B)(ii), “Academic medical center” consists of a public medical school and its primary teaching hospitals and clinical programs.

R3:19-11-203. CAPITAL IMPROVEMENTS.

Under subsection (14)(Y), capital improvements valued at less than the amount stated in Ark. Code Ann. § 22-9-203 subject to Department of Transformation and Shared Services Division of Building Authority minimum standards and criteria are exempt from the requirements of the Procurement Law.

R4:19-11-203. PROPRIETARY SOFTWARE.

Software exemption under subsection (14)(AA) does not apply to the initial purchase of proprietary software. Nor does the exemption apply to the purchase of software that is part of any mandatory software contract. Exempt software purchases shall include the purchase of additional proprietary software licenses, copies, license renewals, software upgrades, and proprietary software support for proprietary software after the initial purchase.

R5:19-11-203. SIGNATURES DEFINED.

The definition of “signed” for the purposes of submitting a solicitation response can be found in the Uniform Commercial Code, Ark. Code Ann. § 4-1-201(39) (General Definitions), which “...includes any symbol executed or adopted by a party with present intention to authenticate a writing.” Allowance should therefore be made for any mark or

writing, whether printed or cursive, which that person uses as his signature. Electronic signatures shall also be permitted, unless otherwise prohibited by law, pursuant to Ark. Code Ann. § 25-32-107.

R6:19-11-203. TAX-SUPPORTED INSTITUTIONS DEFINED.

“Tax-supported institutions” means institutions that derive at least fifty percent (50%) of their revenue by appropriation from a taxing jurisdiction.

R7:19-11-203. HIDDEN DAMAGES.

(a) Under subsection (14)(DD), “hidden or unknown damages” refers to damages to machinery needing repair that were not visible or readily apparent to, or were otherwise not within the knowledge of agency personnel at the time the piece of machinery was being serviced by a vendor. By way of example and not limitation, if an agency takes a piece of machinery to a vendor to repair one or more problems, and in the course of such work the vendor notices one or more additional problems that need repair, the agency may, but is not required to, authorize that vendor to undertake such additional repairs without having to solicit competitive bids.

(b) “Machinery” means mechanical devices or combinations of mechanical powers and devices purchased or constructed and used to perform some function and to produce a certain effect or result.

(c) This exemption does not apply to damages that are visible, readily apparent, or are or could be within the knowledge of agency personnel with the exercise of reasonable inspection or investigation.

- (8) “Purchase description” means specifications or any other document or electronic media describing the commodities or services to be procured;
- (9) “Request for proposals” means all documents or electronic media, whether attached or incorporated by reference, utilized for soliciting proposals in accordance with the

(10)

(A) "Request for qualifications" means a solicitation document requiring submittal of qualifications or specialized expertise in response to the scope of work or services required and does not require pricing.

(11) "Responsible bidder or offeror" means a person who has the capability in all respects to perform fully the contract requirements and the integrity and reliability that will assure good faith performance;

History. Acts 1979, No. 482, § 27; 1981, No. 600, § 11; A.S.A. 1947, § 14-252; Acts 1987, No. 540, § 1; 1995, No. 317, § 1; 1995, No. 340, § 1; 1995, No. 428, § 1; 1995, No. 507, § 1; 2001, No. 1237, § 3; 2007, No. 478, § 3; 2013, No. 1189, § 1; 2017, No. 1004, § 1.

R1:19-11-204. REQUESTS FOR QUALIFICATION PROCUREMENT METHOD.

(a) The request for qualifications procurement method is used, with prior written approval from the Director of the Office of State Procurement, when price competition is irrelevant and/or the qualifications or specialized expertise of the vendor is the most important factor in selection. For example, an RFQ would likely be appropriate in instances where an agency is compiling a list of qualified vendors and will be offering the same contract rates to all qualified vendors, because price competition is irrelevant in such a situation. An agency should give public notice of an RFQ opportunity, but may also send notice directly to those vendors the agency considers to be best-qualified and capable of performing the scope of work or services required.

(b) Notification of RFQs, for which OSP is responsible, in amounts greater than seventy-five thousand dollars (\$75,000) will be made on the OSP website. The agency makes its initial selection based upon the respondent's qualifications. Only after the most qualified respondent is identified does cost become a factor in determining the award. Discussion may be conducted with qualified vendors who, based upon qualifications submitted, are determined to reasonably be susceptible of being selected for the purpose of clarification to assure full understanding of, and responsiveness to the solicitation requirements, and to obtain best and final offers. If the state agency or political subdivision is unable to negotiate a satisfactory contract with the vendor selected, negotiations with that vendor shall be terminated and the agency may proceed to negotiate with one or more of the other qualified vendors.

R2:19-11-204. ETHICAL STANDARDS.

In accordance with Ark. Code Ann. § 19-11-708(a), (b), and (c), the following statement must be conspicuously set forth in all contracts and solicitations costing more than twenty thousand dollars (\$20,000): "It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business."

However, in every instance the using agency or college or university receiving commodities or services under the contract shall be responsible for assuring that commodities and services conform to the necessary specifications, terms and conditions of the contract. Unless otherwise agreed, and subject to other applicable law, where commodities are tendered or delivered or identified to the contract for sale, the using agency has a right, before payment or acceptance, to inspect them at any reasonable place and time and in any reasonable manner. When the seller is required or authorized to send the commodities directly to the using agency, the inspection may be after their arrival. Using agencies are to provide assessments of the vendor's performance of services as required under Section 19-11-268 of the Arkansas Code Annotated.

Examination of commodities and services may, where and when necessary, include laboratory testing and/or simulation studies.

R2:19-11-217. AUTHORITY OF THE STATE PROCUREMENT DIRECTOR.

REPORTING. The State Procurement Director has the authority to collect information from any designee, department, agency, and procurement official to facilitate the preparation of

statistical and financial reports on state government procurement activity and monitoring of compliance with Arkansas Procurement Law.

R3:19-11-217. AUTHORITY OF THE STATE PROCUREMENT DIRECTOR.

(a) **VENDOR FEE.** Vendors shall make application on the Office of State Procurement web site at www.arkansas.gov/dfa/procurement to have their name placed on the State Master Vendor list for the commodities and services they wish to supply or provide. An annual fee may be required.

(b) **STATE MASTER VENDOR LIST.** Inclusion of the name of a business on the vendor's list does not indicate whether the business is responsible with respect to a particular procurement or otherwise capable of successfully performing a contract.

(c) **VENDORS NOT ON VENDOR LISTS.** Hard copies of invitations to bid requested in response to public notice or other notification of a particular procurement will be provided to the requestor at a charge consistent with the current costs of reproduction and distribution.

(d) **RECOMMENDED VENDORS.** Vendors listed as recommended vendors on agency purchase requests will be furnished invitations to bid, however, if the contract is awarded to a "recommended vendor," that vendor must register on the State Master Vendor List prior to contract award and pay the fee.

R4:19-11-217. VENDORS LIST.

(a) **VENDORS LIST.** The Office of State Procurement and each agency procurement official will maintain a vendors list.

(b) **APPLICATION.** A vendor must make application on the Office of State Procurement web site at www.arkansas.gov/dfa/procurement to have its name placed on the vendors lists for the commodities and services it wishes to supply or provide. The business must provide complete information requested in the application before it will be considered for placement on a vendors list.

(c) **DETERMINATION.** The procurement agencies may refuse to list any prospective bidder not making proper application. The prospective bidder has the burden of showing that it meets the qualifications for inclusion on the vendors list on which it seeks to be listed. The prospective bidder will be promptly advised if its application is disapproved and the reasons for disapproval will be stated.

(d) **REAPPLICATION.** Any prospective bidder whose application is disapproved may reapply following the date of disapproval.

(e) **REMOVAL.**

(1) Any bidder who requests in writing to be removed from the vendors list will be removed.

(2) Bidders who have been suspended and/or debarred will be removed from the vendors list.

(f) Vendors seeking to contract with colleges and universities need to contact those institutions.

Note: A foreign corporation may not transact business in this state until it obtains a certificate of authority from the Secretary of State.

R5:19-11-217. STATE CERTIFICATION.

The State Procurement Director may create a statewide procurement training and certification program to advance state agency procurement personnel's knowledge.

R6:19-11-217. ROSTER OF EXPIRING CONTRACTS.

The “roster” referenced in Ark. Code Ann. § 19-11-217(c)(9) is a record of active and expiring contracts that may be an electronic record that can be printed or used to populate a list of expiring contracts for which no renewal or new procurement has been initiated by request or requisition.

State agencies have the lead role in identifying any commodities and services that they need in order to perform their respective duties. Consequently, they are in the best position to monitor and manage their contracts for commodities and services. As an essential component of managing their contracts, state agencies shall maintain a roster of their active and expiring contracts to submit to the Office of State Procurement. If a state agency wishes to renew or replace a contract expiring in twelve months or less, it should plan to renew or solicit a replacement with ample time to allow for a new contract to be procured and to avoid a disruption in service due to the expiration of its active contracts. State agencies that plan to procure commodities or services through a request for proposals should submit a requisition no later than nine (9) calendar months before the estimated start date of the contract it anticipates awarding as a result of the request for proposals.

19-11-229. Competitive sealed bidding — Definition.

(a) Definition. “Competitive sealed bidding” means a method of procurement which requires:

- (1) Issuance of an invitation for bids with a purchase description and all contractual terms and conditions applicable to the procurement;
- (2) Public, contemporaneous opening of bids at a predesignated time and place;
- (3) Unconditional acceptance of a bid without alteration or correction, except as authorized in §§ 19-11-204 and 19-11-228 — 19-11-240;
- (4) Award to the responsive and responsible bidder who has submitted the lowest bid that meets the requirements and criteria set forth in the invitation for bids; and
- (5) Public notice.

(b)

(1) Contracts exceeding an estimated purchase price of seventy-five thousand dollars (\$75,000) shall be awarded by competitive sealed bidding unless a determination is made in writing by the agency procurement official or the State Procurement Director that this method is not practicable and advantageous and specifically states the reasons that this method is not practicable and advantageous.

(2) The director may provide by rule that it is not practicable to procure specified types of commodities, technical and general services, or professional and consultant services by competitive sealed bidding.

(3) Factors to be considered in determining whether competitive sealed bidding is not practicable shall include whether:

(A) Purchase descriptions are suitable for award on the basis of the lowest evaluated bid price; and

(B) The available sources, the time and place of performance, and other relevant circumstances are appropriate for the use of competitive sealed bidding.

(c) When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced technical proposals to be followed by an invitation for bids limited to those bidders whose technical proposals meet the requirements set forth in the first invitation.

(d) Notice inviting bids shall:

(1) Be given not fewer than five (5) calendar days nor more than ninety (90) calendar days preceding the date for the opening of bids by publishing the notice at least one (1) time in at least one (1) newspaper having general circulation in the state or posting by electronic media, but in all instances, adequate notice shall be given;

(2) Include a general description of the commodities, technical and general services, or professional and consultant services to be procured;

(3) State where invitations for bids may be obtained;

(4) State the date, time, and place of bid opening; and

(5) State the time, date, and place of the solicitation conference if a solicitation conference is to be held before the opening of bids to provide information to prospective bidders.

(e) Bids shall be opened publicly in the presence of one (1) or more witnesses at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and open to public inspection.

(f)

(1)

(A) Bids shall be evaluated based on the requirements set forth in the invitation for bids.

(B) These requirements may include criteria to determine acceptability such as:

(i) Inspection;

(ii) Testing;

(iii) Quality;

(iv) Workmanship;

(v) Delivery;

(vi) Past performance; and

(vii) Suitability for a particular purpose and criteria affecting price such as life-cycle or total ownership costs.

(2)

(A) The invitation for bids shall set forth the evaluation criteria to be used.

(B) No criteria may be used in bid evaluation that were not set forth in the invitation for bids.

(3)

(A) A time discount may be considered in the evaluation of a bid only:

(i) If the state agency specifically solicits pricing that requests a time discount; and

(ii) Under the structured terms of the invitation for bids.

(B) If a bidder offers a time discount as part of its bid without the solicitation of time discounts by the state agency, the state agency shall not consider the time discount.

(g)

(1) Correction of patent or provable errors in bids that do not prejudice other bidders or withdrawal of bids may be allowed only to the extent permitted under rules promulgated by the director and upon written approval of the Attorney General or a designee of such officer.

(2) No award shall be made on the basis of a corrected bid, if the corrected bid exceeds the next lowest bid of a responsible bidder.

(3)

(A) The director or an agency procurement official may seek the clarification of a submitted bid.

(B) A written response by a bidder under this subsection shall only clarify the submitted bid and shall not add any substantive language to the submitted bid or change the terms of the submitted bid.

(C) If the bidder fails or refuses to clarify any matter questioned about the bidder's bid in writing by the deadline set by the director or agency procurement official, the bid may be rejected.

(D) If the bidder clarifies the matter questioned under this subsection in writing, the clarification shall be evaluated and become a part of any contract awarded on the basis of the bidder's bid.

(h)

(1) The contract shall be awarded with reasonable promptness by written notice to the lowest responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids.

(2)

(A) Except with respect to a contract being procured for a construction project, the director or the head of a procurement agency may negotiate a lower bid price, including changes in the bid requirements, with the lowest responsive and responsible bidder if:

- (i) All bids received from responsive and responsible bidders exceed available funding as certified by the appropriate fiscal officer of the procurement agency; or
- (ii) It appears that additional savings to the state may result from negotiation.

(B)

(i)

- (a) If negotiations with the lowest responsive and responsible bidder conducted under subdivision (h)(2)(A) of this section fail to result in a lower bid price, the state may negotiate for a lower bid price with the next lowest responsive and responsible bidder.
- (b) If negotiations with the next lowest responsive and responsible bidder under subdivision (h)(2)(B)(i)(a) of this section fail to result in a lower bid price, the state may negotiate for a lower bid price with the next lowest responsive and responsible bidder until an acceptable lower bid price is negotiated or the state determines that negotiations are no longer in the best interest of the state.

(ii) A bid price resulting from negotiations conducted under this section shall not be higher than:

- (a) The bid price originally submitted by the lowest responsive and responsible bidder; or
- (b) A price previously offered in negotiations by a responsive and responsible bidder.

(iii) Negotiations conducted under this section do not preclude the use of other methods of source selection or procurement authority provided under this subchapter.

(C)

(i) Negotiations under this subsection shall be conducted by a person who is trained and certified in negotiation and procurement processes.

(ii)

- (a) The Office of State Procurement shall provide for the training and certification required under this subsection.
- (b) The training provided by the office shall be specific to Arkansas law.

(3) All other bidders requesting to be notified of the award decision shall be promptly notified of the decision.

(i)

(1) An invitation for bids may be cancelled or any or all bids may be rejected in writing by the director or the agency procurement official.

(2) Before the rejection of a bid by the director, the decision to reject the bid may be validated with the state agency for which the procurement is being conducted.

(3) A bid may be rejected for failure to adhere to mandatory requirements.

- (1) Postage meter leases;
- (2) Motor vehicle rentals (for thirty (30) days or less) may be procured by use of competitive bid procedures. All motor vehicle leases (over thirty days) must be approved by the State Procurement Director under the provisions of Ark. Code Ann. § 22-8-102.

R5:19-11-229. COMPETITIVE SEALED BIDDING.

BID SUBMISSION.

(1) Bidders shall submit bids at the place and on or before the date and time set in the invitation for bids. Bids received after the date and time designated for bid opening are late bids and shall not be considered.

(2) All bids and any modifications to bids previously filed, received prior to the date and time fixed for opening bids, shall be kept secure and unopened. If a bid is submitted and the

invitation for bids number is not clearly marked to indicate the date and time of bid opening, the State Procurement Director or agency procurement official may make a reasonable attempt to determine which bid the sealed submission corresponds to.

(3) Retrieval of a bid for purposes of modification or withdrawal shall be permitted prior to date and time of opening upon positive identification of a bona fide representative of the business.

R6:19-11-229. COMPETITIVE SEALED BIDDING.

SOLICITATION CONFERENCES. Solicitation conference may be held by the State Procurement Director or agency procurement official or a designee to provide information to prospective bidders. Nothing discussed during a solicitation conference will change the specifications or terms and conditions of a competitive sealed bid, nor shall anything discussed during a solicitation conference be deemed to be binding or incorporated into the specifications or terms and conditions of a competitive sealed bid unless it is subsequently reduced to writing and included in the competitive sealed bid.

R7:19-11-229. COMPETITIVE SEALED BIDDING.

BID OPENING. When practical, the names of the bidders and amounts of their bids may be read aloud. Except where it may be deemed impractical, due to the nature or complexity of an invitation for bids, an abstract of bids which contains the amount of each bid and the name of the bidder shall be prepared for each invitation for bids. An abstract of bids shall be retained in the bid file and shall be available for public inspection.

R8:19-11-229. COMPETITIVE SEALED BIDDING.

BID EVALUATION.

(1) Those criteria that will affect the bid price and be considered in evaluation for award shall be stated in the bid and objectively measured, such as transportation costs and total or life cycle cost. Judgmental evaluation of commodities and services may be used in determining whether the commodity or service offered by a bidder meets the specification requirements of the procurement, or the bidder is qualified to provide the service.

(2) The following matters will be applicable to all invitations for bids issued, bids submitted, and contracts awarded for the purchase of commodities:

(A) Time discounts cannot be considered in the evaluation of a bid pursuant to A.C.A. § 19-11-229(f)(3) unless the solicitation specifically requests a time discount;

(B) Quantity discounts should be included in the price of the item. When not included in the item price, the discount will be considered only if the procurement agency, or the agency for whose benefit the procurement has been undertaken, deems it to be in the state's best interest. The unit price shown on the contract will be the net price, less the discount, unless otherwise indicated in the bid;

(C) An award may be made to the lowest aggregate bidder for all items, group of items, or on an individual item basis, whichever is deemed to be in the state's best interest.

(D) Only signed, sealed bids delivered prior to the date and time of bid opening will be accepted.

(E) Past Performance

(i) The past performance of a bidder on a state contract may be used by the procurement agency to determine whether the bidder is "responsible." Past performance must be supported by written documentation not greater than three

years old. Documentation may be a formal Vendor Performance Report, an informal memo (signed and dated) or any other appropriate authenticated notation of performance to the vendor file. Reports, memos and files may be in electronic form. Past performance may be positive or negative.

(ii) Past performance on contracts from other Arkansas State Agencies may also be used for evaluation. Supporting documentation should be provided.

(iii) Past performance evaluation should not take the place of suspension or debarment procedures.

(3) TIE BIDS.

(A) Definitions: As used in this section

(i) "Arkansas company" means a domestic corporation, limited liability company, partnership, or not-for-profit organization as defined by Arkansas law; and

(ii) "Out-of-state company" means all foreign entities as defined by Arkansas law.

(B) In the event the lowest prices offered result in a tie bid, the person responsible for awarding a contract must ensure that all offers meet specifications.

(C) In the event of a tie bid between two or more offers that meet the specifications

as required and where one of the offerors is an Arkansas company, then the award will be made to that Arkansas company.

(D) In the event of a tie bid between two or more offers that meet the specifications

as required

(i) and where at least two of the offerors are Arkansas companies, then an award will be determined by lot (flip of a coin) between those Arkansas companies;

(ii) or if all of the offerors are out-of-state companies, then an award will be determined by lot (flip of a coin) among all the bidders.

(E) The coin flip will be done in the presence of at least one witness by the person responsible for awarding the contract. All witnesses must be employees of the State of Arkansas. A documentation of the coin flip must be included on the tabulation or bid history sheet and be signed by the person responsible for awarding the contract and all witnesses.

R9:19-11-229. COMPETITIVE SEALED BIDDING.

REJECTION. Grounds for rejection of bids include but are not be limited to:

- (1) failure of a bid to conform to the mandatory requirements of an invitation for bids;
- (2) any bid which does not conform to the specifications contained or referenced in any invitation for bids unless the items offered as alternatives meet the requirements specified in the invitation;
- (3) any bid which fails to conform to a delivery schedule established in an invitation for bids, unless the invitation for bids contains provisions for acceptance of offers with alternative delivery schedules;
- (4) a bid imposing conditions which would modify the stated terms and conditions of the invitation for bids;
- (5) any bid determined by the procurement official in writing to be unreasonable as to price;
- (6) bids received from bidders determined to be nonresponsible bidders;

- (7) failure to furnish a bid guarantee when required by an invitation for bids;
and
- (8) any or all bids when the procurement official makes a written determination that it is in the best interest of the state.

R10:19-11-229. COMPETITIVE SEALED BIDDING.

(a) CORRECTION OR WITHDRAWAL OF BIDS.

(1) The State Procurement Director or agency procurement official may waive technicalities (small details) or minor irregularities (something irregular in form or nature) in bids which do not affect the material substance of the bids when it is in the state's best interest to do so.

(2) Amendments to bids shall be allowed if the amendments are in writing and signed, are received prior to the date and time of bid opening, and clearly indicate the date and time of bid opening and bid number.

(3) If there is a suspected bid mistake, the State Procurement Director or agency procurement official may request confirmation of a bid and shall request the confirmation to be made in writing. The bid of any bidder who fails or refuses to clarify in writing within a reasonable time any matter contained in his bid may be rejected. The written clarification shall become a part of the contract awarded on the basis of that bid.

(4) Bid prices shall be based on the unit prices and any correction of the price extension or of the price addition by the Office of State Procurement or state agency having an agency procurement official shall not be considered the correction of a bid. Bid prices shall not be increased after the date and hour of bid opening. A bid price may be decreased only after a determination has been made that the bid is low.

(5) An otherwise low bidder may be permitted the opportunity to furnish other information requested in the invitation for bids and not supplied due to oversight, so long as it does not affect responsiveness.

(6) When a mistake in a bid is claimed by the vendor prior to award and the evidence is clear and convincing that a material mistake was made in the bid, and that due to such mistake the bid submitted was not the bid intended, the bidder may be permitted to withdraw his bid. Where the evidence is clear and convincing that a material mistake has been made in a bid after the award of a contract and the contractor will sustain a financial loss (a reduction or diminution in profit margin shall not be deemed a financial loss under this subsection) if required to perform the contract, the contract may be rescinded.

(b) CORRECTION. Any negotiated adjustments, as defined in Ark. Code Ann. § 19-11-229(h), will not be considered the correction of a bid.

R11:19-11-229. COMPETITIVE SEALED BIDDING.

(a) AWARD. After a reasonable bid evaluation period, the bid shall be awarded to the responsive and responsible bidder who has submitted the lowest bid that meets the requirements and criteria set forth in the invitation for bids. All bids may be rejected if, after evaluation of the bids, including consideration of any clarifying or explanatory information submitted by the bidders, it is determined by the procurement official that no satisfactory bid has been received.

(b) NEGOTIATION. In the event that negotiation is necessary, a bidder may be determined to be non-responsive if the bidder and agency are unable to reach a mutually agreeable negotiated adjustment. If negotiations fail or the agency is unable to reach a negotiated adjustment with the apparent low bidder, the next lowest bidder can be contacted for the purposes of entering into negotiations.

(c) TRAINED AND CERTIFIED IN NEGOTIATION AND PROCUREMENT PROCESSES means the person will have received certified training from or authorized by the Office of State Procurement.

R12:19-11-229. COMPETITIVE SEALED BIDDING.

- (1) LIFE CYCLE COST. Life cycle or total ownership costs may include but are not limited to, costs of operation, maintenance, repair, disposal and/or acquisition.
- (2) APPLICATION. Life cycle cost formulas may be used for procurements. Certain specified commodities must be procured using life cycle cost formulas provided by the Office of State Procurement. For those specified commodities, the State Procurement Director shall provide formulas to be used in the evaluation of bids by the State Procurement Director, the agency procurement officials or the procurement agents.

R13:19-11-229. CANCELLATION OF INVITATIONS FOR BIDS.

When an invitation for bids is cancelled, notice of cancellation of OSP bids will be posted on the OSP website www.arkansas.gov/dfa/procurement. The bids may be returned if the bid is properly identified.

R14:19-11-229. ETHICAL STANDARDS.

In accordance with Ark. Code Ann. § 19-11-708(a), (b), and (c), the following statement must be conspicuously set forth in all contracts and solicitations costing more than twenty thousand dollars (\$20,000): "It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business."

R15:19-11-229. NEGOTIATIONS.

(a) Negotiation of Competitive Sealed Bids should be used only in those cases where the best interests of the State are served, such as where the lowest bid submitted by a responsive and responsible bidder exceeds the available funding to pay for the commodity or service (as certified by the appropriate fiscal officer of the procurement agency) or can be shown to be above the fair market price available on the open market to a reasonably prudent buyer. Procurement officials who conduct negotiations should be trained in negotiation and Arkansas Procurement Law.

(b) Prior to negotiation, a written justification supporting negotiations must be included in the bid folder. The justification must include, as applicable:

- (1) Bid tabulation with indication of lowest responsive and responsible bidder.
- (2) Certification of funds budgeted for the procurement by agency chief fiscal officer in instances where all bids received from responsive and responsible bidders exceed the available funding.
- (3) Reason(s) precluding re-solicitation, including but not limited to time constraints and economic impact to agency.

(c) After it is determined that negotiation is in the best interests of the State and permissible under Ark. Code Ann. § 19-11-229(2)(A), appropriate representatives will proceed with negotiations and award recommendation. Appropriate representatives include purchasing staff and representatives from the original requesting unit.

(d) Agency should investigate the factors affecting the price offered by the apparent low bidder to include but not be limited to cost, delivery requirements, warranty, location of supplier, volatile nature of goods or services requested and current economic condition of the market.

(e) The agency must develop a plan to include at least:

(1) The acceptable range of price, the desired "best" price and the highest acceptable price.

(2) What adjustment may be made to delivery requirements that may affect price.

(3) Acceptable adjustments in quantity.

(4) A prioritized list of acceptable adjustments in specifications that may result in price reduction.

(5) Timetable for completion of negotiation.

(f) Negotiation plans shall not be revealed to bidder(s) nor made available for public review until after the anticipated award is made public in order to avoid revealing information that if disclosed would give advantage to competitors or bidders.

(g) An acceptable negotiated contract must be signed and in writing listing agreed upon terms, conditions, specifications, quantities and pricing.

(h) If a negotiated contract cannot be developed, the bidder may be declared nonresponsive and time permitting, the negotiation process may be repeated with the next low bidder.

(i) If negotiations do not result in an acceptable contract, the Director or head of a procurement agency may authorize that a new solicitation be issued or elect to procure by special procurement (Ark. Code Ann. § 19-11-263).

19-11-230. Competitive sealed proposals — Definition.

(a) Definition. "Competitive sealed proposals" means a method of procurement which involves, but is not limited to:

(1) Solicitation of proposals through a request for proposals;

(2) Submission of cost or pricing data from the offeror where required;

(3) Discussions with responsible offerors whose proposals have been determined to be reasonably susceptible to being selected for award; and

(4) An award made to the responsible offeror whose proposal is determined in writing to be the most advantageous considering price and evaluation factors set forth in the request for proposals.

(b) When the use of competitive sealed bidding is not practicable and advantageous, a contract may be awarded by competitive sealed proposals.

(c) Public notice of the request for proposals shall be given in the same manner as provided in § 19-11-229(d), which refers to public notice of competitive sealed bidding.

(d)

(1) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(2) (A) Except as provided in subdivision (d)(2)(B) of this section, cost shall be weighted at least thirty percent (30%) of the total evaluation score for a proposal submitted in response to the request for proposals.

(B)

(i) The State Procurement Director may approve that cost be weighted at a lower percentage of the total evaluation score for a proposal submitted in response to a request for proposals if the director makes a written determination that the lower percentage is in the best interest of the state.

(ii) A state agency's failure to obtain the approval of the director under this subsection for a request for proposals with cost weighted at a lower percentage than required under subdivision (d)(2)(A) of this section is grounds for submitting a protest under § 19-11-244.

(C) The use of a lower percentage under subdivision (d)(2)(B) of this section and the corresponding written determination by the director shall be submitted to the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee, for review before the request for proposals is issued.

(3) The state's prior experience with an offeror may be considered and scored as part of the offeror's proposal only:

(A) To the extent that the request for proposals requests that all offerors provide references; and

(B) If the offeror's past performance with the state occurred no more than three (3) years before the offeror submitted the proposal.

(4) A state agency shall not include prior experience with the state as a mandatory requirement for submitting a proposal under this section.

(e)

(1) As provided in the request for proposals and under rule, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award for the purpose of:

(A) Clarifying solicitation requirements to assure full understanding of and responsiveness to the solicitation requirements; or

(B) Negotiating a contract that is more advantageous to the state.

(2)

(A) If discussions conducted after the deadline for the receipt of proposals necessitate material revisions of proposals, each offeror determined to be responsible and reasonably susceptible of being awarded a contract shall be provided an opportunity to revise its proposal for the purpose of submitting a best and final offer.

(B) An offeror may be permitted to revise its original proposal as a result of discussions only after the original submission deadline and before award for the purpose of providing a best and final offer.

(C)

(i) Before issuing the notice of award of a contract, the director or the agency procurement official may request a best and final offer from each responsible offeror that is reasonably susceptible of being awarded the contract.

(ii) In responding to a request for a best and final offer, an offeror may:

(a) Resubmit the offeror's original proposal with lower pricing or additional benefits, or both, in accordance with the specifications of the request for proposals; or

(b) Submit a written response that states that the offeror's original proposal, including without limitation the pricing, remains unchanged.

(iii) If a best and final offer is requested, the director or the agency procurement official shall evaluate each proposal submitted in response to the request for a best and final offer in determining the proposal that is the most advantageous to the state.

(3) In conducting discussions, information derived from a proposal submitted by a competing offeror shall not be disclosed until after a notice of anticipation to award is announced.

(f)

(1) The director or an agency procurement official may seek the clarification of a submitted proposal.

(2) A written response by an offeror under this subsection shall only clarify the submitted proposal and shall not add any substantive language to the submitted proposal or change the terms of the submitted proposal.

(3) If the offeror fails or refuses to clarify any matter questioned about the offeror's proposal in writing by the deadline set by the director or agency procurement official, the proposal may be rejected.

(4) If the offeror clarifies the matter questioned under this subsection in writing, the clarification shall be evaluated and become a part of any contract awarded on the basis of the offeror's proposal.

(g)

(1) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the state, taking into consideration price, the evaluation factors set forth in the request for proposals, any best and final offers submitted, and the results of any discussions conducted with responsible offerors.

(2) No other factors or criteria shall be used in the evaluation.

(3) If it is determined that two (2) or more responsible offerors have tied scores after the evaluation of the proposals, the award shall be made to the responsible offeror that had one (1) of the tied scores and submitted the lowest price proposal.

(4) The director or the agency procurement official may enter into negotiations with the responsible offeror whose proposal is determined in writing to be the most advantageous to the state when the best interests of the state would be served, including without limitation when the state can obtain:

(A) A lower price without changes to the terms or specifications of the request for proposals; or

(B) An improvement to the terms or specifications, or both, of the request for proposals without increasing the price of the proposal.

(h)

(1) The Office of State Procurement shall:

(A) Encourage full discussion by the evaluators who are evaluating proposals submitted in response to a request for proposals under this section; and

(B) Develop tools and templates to be used in evaluating proposals submitted in response to a request for proposals under this section that optimize the number of material scored attributes and provide for a limited range of possible scores for each attribute.

(2)

(A) A state agency may use one (1) or more private evaluators to evaluate proposals submitted in response to a request for proposals under this section.

(B) A private evaluator used under this subsection shall be:

(i) Held to the same requirements and prohibitions regarding conflicts of interest as state employees;

(ii) A qualified volunteer, unless the state does not have the necessary expertise to evaluate the proposals, in which case a paid private evaluator may be used; and

(iii) Eligible for travel reimbursement if the state agency decides to make travel reimbursement available.

(C) The use of a private evaluator is not required.

(D) If a state agency uses one (1) or more private evaluators, the use of a private evaluator shall be disclosed in the procurement file and in any information submitted to the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee.

(i)

(1) A competitive sealed proposal may be cancelled or any or all proposals may be rejected in writing by the director or the agency procurement official.

(2) Before the rejection of a proposal by the director, the decision to reject the proposal may be validated with the evaluation committee that evaluated the proposal.

(3) A proposal may be rejected for failure to adhere to mandatory requirements.

History. Acts 1979, No. 482, § 30; 1981, No. 600, §§ 17-20; A.S.A. 1947, § 14-255; Acts 2001, No. 1237, § 23; 2007, No. 478, § 6; 2017, No. 696, § 2; 2019, No. 419, §§ 8-10.

R1:19-11-230. COMPETITIVE SEALED PROPOSALS.

Request for Proposals for which OSP is responsible will be posted on the OSP website in adequate time to allow response.

R2:19-11-230. COMPETITIVE SEALED PROPOSALS.

R2-19-11-230.1 CONDITIONS OF USE. The key element in determining the necessity for utilization of the competitive sealed proposal method is the type of evaluation required. Where evaluation involves the relative abilities of offerors to perform, including the degree of technical or professional experience, and price is not the only consideration, use of competitive sealed proposals is appropriate. Further, where the types of supplies or services may require the use of comparative, judgmental evaluation, competitive sealed proposals are the appropriate procurement method.

R2-19-11-230.2 THIRTY PERCENT (30%) WEIGHTED COST WAIVER. In seeking a written determination by the State Procurement Director that it is in the best interest of the state for cost to be weighted at less than thirty percent (30%) of the total evaluation score, the requesting agency shall:

(1) Issue a written request addressed to the State Procurement Director. The written request may be delivered by email or mail, and in either case, should be clearly marked or labeled "Request for Weighted Cost Deviation."

(2) The written request should clearly articulate the factors for why it is in the best interest of the state for cost to be weighted at a lower percentage than thirty percent (30%), and what percentage the requesting agency seeks. The factors articulated should be specific to the request for proposal under consideration.

- (3) If the State Procurement Director issues a written determination approving of the lower percentage, the written determination shall be submitted for review by Legislative Council or, if the General Assembly is in session, the Joint Budget Committee.

R3:19-11-230. COMPETITIVE SEALED PROPOSALS.

PROPOSAL SUBMISSION.

(1) Offerors shall submit proposals at the place and on or before the date and time set in the Request for Proposal. Proposals received after the date and time designated for the proposal opening are considered late and shall not be considered.

(2) All proposals and any modifications to the proposals previously filed, received prior to the date and time fixed for opening the proposals, shall be kept secure and unopened. If a proposal is submitted and the Request for Proposals number is not clearly marked to indicate the date and time of the proposal opening the State Procurement Director or agency procurement official may make a reasonable attempt to determine which solicitation the sealed submission corresponds to.

(3) Retrieval of a proposal for purposes of modification or withdrawal shall be permitted prior to date and time of opening upon positive identification of a bona fide representative of the offeror who submitted the proposal.

R4:19-11-230. COMPETITIVE SEALED PROPOSALS.

REQUEST FOR PROPOSALS OPENING.

The names of the offerors may be read aloud. An abstract of proposals listing the names of offerors shall be prepared by the entity responsible for the RFP and shall be retained in the Request for Proposals file and shall be available for public inspection.

R5:19-11-230. COMPETITIVE SEALED PROPOSALS.

(a) EVALUATION. The evaluation shall be based on the evaluation factors set forth in the Request for Proposals. All members of evaluation committees shall participate in Evaluation Committee Training sponsored either by OSP or the college or university agency procurement official. Evaluations will be conducted in accordance with the OSP Policy. A written recommendation shall be made by the evaluation committee and submitted by the chairperson to the State Procurement Director or agency procurement official stating the basis on which the recommendation for award was found to be most advantageous to the state.

(b) (1) RESPONSIBILITY OF OFFEROR. Past performance of an offeror may be used by the procurement agency to determine whether the offeror is "responsible." No points for past performance may be used in the evaluation scoring criteria unless (i) past performance with the state is a non-mandatory evaluation criteria and (ii) the same amount of points allocated for past performance with the state are also made available in the evaluation scoring criteria in such a way as to not prejudice offerors without past performance history with the state. Past performance must be supported by written documentation and shall have not occurred more than three (3) years before the proposal was submitted. Documentation may be a formal Vendor Performance Report, an informal memo (signed and dated) or any other appropriate authenticated notation of performance to the vendor file. Reports, memos and files may be in electronic form. Past performance may be positive or negative.

(i) Past performance on contracts from other Arkansas State Agencies may also be used for evaluation. Supporting documentation should be provided.

(ii) Past performance evaluation should not take the place of suspension or debarment procedures.

(2) The awarding of points for references may be used as evaluation scoring criteria if set forth in the solicitation.

(c) TIE BIDS.

(1) Definitions: As used in this section

(i) "Arkansas company" means a domestic corporation, limited liability company, partnership, or not-for-profit organization as defined by Arkansas law; and

(ii) "Out-of-state company" means all foreign entities as defined by Arkansas law.

(2) In the event the lowest prices offered result in a tie bid, the person responsible for awarding a contract must ensure that all offers meet specifications.

(3) In the event of a tie bid between two or more offers that meet the specifications as required and where one of the offerors is an Arkansas company, then the award shall be made to that Arkansas company.

(4) In the event of a tie bid between two or more offers that meet the specifications as required

(i) and where at least two of the offerors are Arkansas companies, then an award will be determined by lot (flip of a coin) between those Arkansas companies;

(ii) or if all of the offerors are out-of-state companies, then an award will be determined by lot (flip of a coin) among all the offerors.

(5) The coin flip will be done in the presence of at least one witness by the person responsible for awarding the contract. All witnesses must be employees of the State of Arkansas. A documentation of the coin flip must be included on the tabulation or bid history sheet and be signed by the person responsible for awarding the contract and all witnesses.

(d) PRIVATE EVALUATORS.

(1) An agency may use qualified evaluators from non-State governmental entities or the private sector.

(i) There is no limit on the number of private evaluators that may be used on an evaluation committee, but they must abide by all ethical standards and legal requirements a state employee or former state employee would have to meet in order to serve as an evaluator.

R6:19-11-230. REJECTION OF PROPOSALS.

Grounds for rejection of proposals include but shall not be limited to:

(1) failure of a proposal to conform to the essential requirements of a Request for Proposals;

(2) a proposal imposing conditions which would modify the stated terms and conditions of the Request for Proposal;

(3) any proposal determined by the procurement official in writing to be unreasonable as to price;

(4) failure to furnish a bond when required by a Request for Proposals; and

(5) the offeror's record of poor past performance or irresponsibility; and

(6) any or all proposals when the procurement official makes a written determination that it is in the best interest of the State and documents the reason(s) supporting the determination.

R7:19-11-230. CORRECTION OR WITHDRAWAL OF PROPOSALS.

(a) There is a strong public interest in favor of conserving public funds in awarding public contracts, and little, if any, public benefit in disqualifying proposals for technical deficiencies in form or minor irregularities where the offeror does not derive any unfair competitive advantage therefrom. The State Procurement Director or agency procurement official may waive technicalities in proposals or minor irregularities in a procurement which do not affect the material substance of the Request for Proposals when it is in the State's best interest to do so.

(b) Amendments to proposals shall be allowed if the amendments are in writing and signed, are received prior to the date and time of the proposal opening, and clearly indicate the date and time of proposal opening and Request for Proposals number.

(c) If there is a suspected proposal mistake or the State Procurement Director or agency procurement official chooses to seek a clarification on a matter that is evaluated in the proposal, the State Procurement Director or agency procurement official may request a clarification of a proposal.

(1) The response by the offeror must be made in writing. Clarifications made verbally, in demonstration presentations, or communicated in any other matter shall not be considered a clarifying response by the offeror, and should be reduced to a written clarification by the offeror to be considered.

(2) The response of any offeror who fails or refuses to clarify in writing within a reasonable time any matter contained in his or her proposal may be rejected.

(3) Any written clarification submitted shall become a part of the contract awarded on the basis of that proposal.

(d) Proposal prices shall not be increased after the date and hour of the proposal opening.

(e) When a mistake in a proposal is claimed by the vendor prior to award and the evidence is clear and convincing that a material mistake was made in the proposal, and that due to such mistake the proposal submitted was not the proposal intended, the bidder may be permitted to withdraw his proposal.

R8:19-11-230. REPEALED

R8:19-11-230.1 DISCUSSIONS

(a) **DISCUSSIONS GENERALLY.** During a request for proposals procurement, Arkansas Procurement Law allows for discussions with responsible offerors whose proposals have been determined to be reasonably susceptible to being selected for award. Discussions may be used to clarify a proposal or the terms of a request for proposals, and for the purpose of negotiation. Pre-award discussions with any offeror or offerors should be conducted in a manner that supports public confidence in the procedures followed in public procurement, ensures fairness in proposal improvement, and fosters effective competition. To safeguard against discussions being used to provide an offeror an unfair competitive advantage:

(1) A request for proposals shall outline how discussions will be held, if at all; and

(2) There shall be no disclosure to any offeror of any information derived from any proposal by any competing offeror during discussions.

(b) **CLARIFICATION.** While conducting discussions, a procurement agency may identify areas of a proposal that require further clarification. This includes, without limitation, areas where it appears that there may have been ambiguity, miscommunication or misunderstanding as to the State's evaluation factors, specifications, or requirements. The State may seek clarification of a proposal or proposals through written questions, demonstrations, or during negotiations, but shall document any such discussion for the procurement file. Any oral

clarification made by an offeror during discussions shall be reduced to writing and adopted by the offeror as a binding statement before it may be considered in evaluating whether the offeror's proposal is responsive or the most advantageous to the State. Note that a clarification sought by the State may be unique to an individual offeror based on unique aspects of the offeror's proposal.

(c) **NEGOTIATION.** Negotiation is a discretionary type of discussion permitted under Ark. Code. Ann. § 19-11-230 that can be used to seek a proposal or proposals more advantageous to the State than the proposal or proposals initially submitted in response to the solicitation. During a solicitation, the State may only have pre-award discussions with an offeror as provided in the request for proposals and as permitted under procurement rules.

(1) Because negotiation is a type of discussion, a procurement agency interested in the possibility of negotiation in connection with the solicitation of proposals shall include provisions in its request for proposals outlining how negotiation, if any, may be conducted.

(2) Because negotiation is optional and at the discretion of the State, there is no minimum number of negotiation rounds and no maximum number of negotiation rounds that may be conducted other than any that may have been set forth in the request for proposals.

(3) If and as permitted by the request for proposals, negotiations may be conducted with a group of responsible offerors identified based on an established competitive range (those reasonably susceptible of being awarded a contract based on the evaluation factors set forth in the request for proposals), or just with the highest ranked responsible offeror reasonably susceptible of being awarded a contract.

(4) If a request for proposals only allows for serial negotiation with the highest ranked offeror, then the procurement agency may only abandon negotiation with the highest ranked offeror if it determines, in writing and for identified cause, that the offeror is not responsible or is otherwise not reasonably susceptible of being awarded a contract. The procurement agency may proceed to additional rounds of negotiation with another offeror or offerors if not prohibited by the request for proposals. The procurement agency shall apply the same standard of responsibility and evaluation factors fairly to any subsequent offeror or offerors.

(5) Negotiation may be limited to cost only. All cost only negotiations shall be documented for the procurement file. During cost only negotiation rounds, responsible offerors are not obligated to meet or beat target prices but will not be allowed to increase prices submitted on the initial price sheet.

(d) **REASONABLY SUSCEPTIBLE OF BEING AWARDED A CONTRACT – THE COMPETITIVE RANGE.** Given the number of proposals and the broad range of competitiveness of responses, it may not be practicable to engage in negotiations with each and every offeror. If the procurement agency receives multiple proposals, it may shorten the list of offerors to negotiate with to a "competitive range" of responsible offerors reasonably susceptible of being awarded a contract. That is the range of responsible offerors that fall within the "competitive range." The competitive range shall be determined based on criteria set forth in the request for proposals. For example, and not by limitation, a request for proposals may provide that only the three highest ranked vendors are eligible for negotiation. The criteria for selecting the competitive range included in the request for proposals may be established on any rational basis, including, without limitation, one or more of the following:

- (1) Price; or
- (2) Cost of Ownership; or
- (3) Responses that appear to provide the best value based on evaluation criteria in the solicitation; or
- (4) Responses most likely to provide greater value after negotiations

based on the same criteria; or

(5) Evaluation scores.

(e) **MINIMUM SCORE.** The agency procurement official, in conjunction with the requesting agency as appropriate, may establish a minimum score in the request for proposals that an offeror must achieve before the offeror will be considered in the competitive range and thus eligible for additional negotiation. However, to foster competition, any such minimum score shall not be set unreasonably high. In the interest of protecting competition, the State Procurement Director may waive the minimum score if it eliminates all but one responsible offeror or otherwise unreasonably narrows the competitive range, and if he or she determines it to be in the best interest of the State.

(f) **NEGOTIATION WITH SINGLE OFFEROR VERSUS MULTI-PARTY NEGOTIATION.** When deciding whether to structure a request for proposals that limits negotiation to just the highest evaluated responsible offeror instead of engaging in multi-party negotiations, the procurement agency should consider the following:

(1) The expected dollar value of the award and length of contract.

Increased dollar value and a lengthy duration weigh in favor of greater competition; and

(2) The complexity of the acquisition and the variety and complexity of offered solutions, in terms of impact on the likely breadth and depth of the discussions. Increased complexity may signal that more time for negotiation is needed, which may weigh in favor of limiting negotiations to the competitive range of highest ranked vendors if there was not enough lead time to allow for lengthy negotiations; and

(3) The resources available to conduct discussions versus the expected variable administrative costs of discussions; and

(4) The impact on lead-time for award versus the need for timely delivery; and

(5) The extent to which discussions with additional offerors would likely provide diminishing returns; and

(6) The disparity in pricing between the lowest priced offeror and the other offerors; and

(7) The disparity in pricing between the highest rated offeror and the other offerors.

(g) **BEST AND FINAL OFFER (BAFO) NEGOTIATION.** Best and final offer (BAFO) negotiation is an optional step to help obtain an offer that is more advantageous for the State, such as enhanced value or the most cost-effective pricing available.

(1) The BAFO process may be useful when:

(A) No single response addresses all the specifications; or

(B) The cost submitted by all offerors is too high (e.g., exceeds the State's estimate of expected costs, budget, etc.); or

(C) The scores of two or more offerors are very close after the initial evaluation; or

(D) All offerors submitted responses that are unclear or deficient in one or more areas.

(2) The following rules shall apply to BAFO negotiations:

(A) The procurement agency shall determine if the BAFO process will be conducted and, if so, shall determine which responsible offerors are within the competitive range according to the terms of the request for proposals for receipt of the State's BAFO request; and

(B) The procurement agency may only restrict the BAFO negotiations to a single offeror or engage in a multi-party BAFO negotiation as provided in the

request for proposals and consistent with Arkansas Procurement Law, including these rules; and

(C) BAFO negotiation shall only be conducted with responsible offerors. Any offeror determined to be non-responsible shall be excluded. Any offeror whose proposal is rejected as non-responsive or is outside of the competitive range defined in the request for proposals shall be excluded from participation in a BAFO negotiation unless circumstances change which result in their falling within the competitive range; and

(D) The content of the BAFO request may come from questions proposed by the procurement official or the evaluation committee; and

(E) A procurement agency may request that an offeror readdress important aspects of the proposal, including, without limitation, implementation schedule, level of support, amount of resources proposed, terms and conditions or cost; and

(F) The procurement officer shall dispatch the BAFO request stating the elements to be covered and defining the date, time, and place the BAFO must be returned; and

(G) All communication to and from offerors regarding the BAFO request shall be coordinated by the procurement officer; and

(H) All responses to the BAFO request must be submitted timely to the procurement officer in order to be considered. BAFO's submitted after the deadline shall not be considered, unless the procurement officer or director determines that:

(i) the submission was timely, but that delivery was prevented by a force majeure; or

(ii) the delay in delivery is not substantial and does not prejudice the State; or

(iii) that waiver of the deadline is in the best interest of the State; and

(I) Only the original proposal or one properly clarified, revised through negotiation, or submitted as a best and final offer may be considered for evaluation; and

(J) A BAFO request to multiple offerors shall not identify either the current rank of any of the offerors or any identifiable information derived from a proposal.

(3) All BAFO requests shall contain the following:

(A) Specific information on what is being requested. Offerors may be asked to provide additional clarification to specific sections of their response and to rework their proposal content or cost proposal; and

(B) Submission requirements with time lines; and

(C) Specifics on how the offer or offers will be evaluated and outline the process that will be used to determine the successful offeror, as applicable; and

(D) Language stating the procurement officer or the evaluation committee will evaluate and score the BAFO offer(s) after considering the new content of the BAFO proposal(s); and

(E) Notice to offerors that they are not required to submit a BAFO proposal and may submit a written response stating that their response remains as originally submitted.

(4) All scoring worksheets (e.g., original evaluation scores, best and final scores, etc.) shall be retained for inclusion in the procurement file. Scores for the BAFO responses shall be entered into a new score sheet/summary worksheet by the procurement officer.

(h) TARGET PRICE BAFO. A target price BAFO request is a BAFO request that is limited to allowing responsible offerors an opportunity to improve upon their responses by offering more competitive pricing. Proposers are not obligated to meet or beat target prices, but shall not be allowed to increase overall prices in a target price BAFO negotiation. All communications, clarifications and negotiations shall be conducted in a manner that supports fairness in the proposal improvement and does not reveal individual offeror pricing. The State's target price may be reached by considering factors such as the current/last contract price paid for the service, benchmarks, industry standards, budgets, raw materials that influence the pricing of the product, or market trends. If the State opts to engage in target price BAFO negotiation, then after the initial responses have been received the procurement officer shall:

- (1) Determine the lowest proposed cost for each line item, as applicable; and
- (2) Compare the lowest proposed cost for each line item against current/past contract price and other benchmarks; and
- (3) Use market analysis to set a target price for each line item in a spreadsheet; and
- (4) Evaluate the reasonableness of the target price for each line item and for the total target price overall; and
- (5) Send a request for revised pricing and a target price spreadsheet to offerors deemed responsible and responsive; and
- (6) Receive target cost proposals; and
- (7) Determine if target price negotiation resulted in improved cost proposals; and
- (8) If the receipt of target price proposals did not result in one or more cost proposals at or below the State's target price, the procurement officer shall evaluate whether an additional round of target price negotiation will result in one or more cost proposals at or below the State's target price.

R9:19-11-230. CANCELLATION OF THE REQUEST FOR PROPOSALS.

A notice of cancellation of an OSP Request for Proposals shall be posted on the OSP website. The proposals may be returned if properly identified.

R10:19-11-230. ETHICAL STANDARDS.

In accordance with Ark. Code Ann. § 19-11-708(a), (b), and (c), the following statement must be conspicuously set forth in all contracts and solicitations costing more than twenty thousand dollars (\$20,000): "It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business."

19-11-231. Small procurements.

(a) Any procurement not exceeding the amount under § 19-11-204(13), which refers to small procurements, may be made in accordance with small procurement procedures promulgated by the State Procurement Director.

(b) However, procurement requirements shall not be artificially divided so as to constitute a small procurement under this section.

History. Acts 1979, No. 482, § 32; 1981, No. 600, § 22; A.S.A. 1947, § 14-257; Acts 2001, No. 1237, § 24.

R1:19-11-231. SMALL PROCUREMENTS – CONDITIONS FOR USE.

(1) LEASE. All state agencies may lease commodities with the exclusion of vehicles (See Ark. Code Ann. § 22-8-102) where the cost does not exceed twenty thousand dollars (\$20,000) during the initial period of the contract without seeking competitive bids, provided the lease does not contain an option to purchase. Such leases may not be renewed beyond accumulated expenditures of twenty thousand dollars (\$20,000).

(2) (2) PURCHASE OF COMMODITIES SUBJECT TO AMENDMENT 54 TO THE ARKANSAS CONSTITUTION. Purchase of commodities subject to Amendment 54 to the Arkansas Constitution must be procured in accordance with competitive bidding and competitive sealed bidding procedures. (See Ark. Code Ann. § 19-11-222(b) for definitions of printing, stationery, and supplies.)

(3) (3) CERTIFIED MINORITY BUSINESS ENTERPRISE OR CERTIFIED WOMEN-OWNED BUSINESS ENTERPRISE. A procurement that does not exceed two (2) times the amount stated in Ark. Code Ann. § 19-11-204 (13) may be procured without seeking competitive bids or competitive sealed bids if the procurement is with a certified minority business enterprise or certified women-owned business enterprise. The certification process is administered by the Division of Minority and Women-owned Business Enterprise of the Arkansas Economic Development Commission.

19-11-232. Proprietary or sole source procurements.

(a) Under rules promulgated under this subchapter, a contract may be awarded for a required or designated commodity or service to a sole or mandatory supplier when the State Procurement Director, the head of a procurement agency, or a designee of either officer above the level of agency procurement official determines in writing that it is not practicable to use other than the required or designated commodity or service.

(b) Unless a written determination is made that there is only one (1) source for the required or designated commodity or service, efforts shall be made to obtain price competition.

History. Acts 1979, No. 482, § 33; A.S.A. 1947, § 14-258; Acts 2001, No. 1237, § 25; 2019, No. 315, § 1769.

R1:19-11-232. PROPRIETARY OR SOLE SOURCE PROCUREMENTS.

(a) GENERAL. Sole source procurements of commodities and technical services are those procurements which, by virtue of the performance specification, are available from a single source. Brand name preferences or merely aesthetic design specifications are not sufficient justification for sole source awards. Such procurements may include but are not limited to:

- (1) requirements of performance compatibility with existing commodities or services; or
- (2) repairs involving hidden damage.

(b) APPROVAL. Request for approval shall be made in writing and shall include in the justification:

- (1) a copy of the purchase order or requisition
- (2) why the service is needed;
- (3) the methods used to determine that a lack of responsible/responsive competition exists for the service;
- (4) how it was determined that the provider possesses exclusive capabilities;
- (5) why the service is unique;

- (6) whether or not there are patent or proprietary rights which make the required service unavailable from other sources;
- (7) what the agency would do if the provider/service were no longer available;
- (8) any program considerations which make the use of a "Sole Source" critical to the successful completion of the agency's task; and
- (9) the "Contract and Grant Disclosure and Certification Form" required by Governor's Executive Order 98-04, if applicable.

(c) Procurements under this section must be approved in advance by the head of a state agency having an agency procurement official or the State Procurement Director for all other state agencies, or a designee of either officer above the level of agency procurement official.

(d) SOLE SOURCE PROCUREMENTS OF PROFESSIONAL AND CONSULTANT SERVICES. The procurement from a single source, as it relates to professional and consultant service contracts, should only be used when all other methods of contracting are clearly not applicable. The agency chief fiscal officer or equivalent or director, division director or deputy director of an agency, college or university may authorize the use of sole source purchases.

(e) SOLE SOURCE JUSTIFICATION. Sole source professional and consultant service contracts, except for those exempt by law, must be accompanied by written justification and be approved by the Director of the Office of State Procurement. The justification must clearly demonstrate that to contract otherwise would not be in the best interests of the state. The justification must fully address:

- (1) why the service is needed;
 - (2) the methods used to determine that a lack of responsible/responsive competition exists for the service;
 - (3) how it was determined that the provider possesses exclusive capabilities;
 - (4) why the service is unique;
 - (5) whether or not there are patent or proprietary rights which make the required service unavailable from other sources;
 - (6) what the agency would do if the provider/service were no longer available;
- and
- (7) any program considerations which make the use of a "Sole Source" critical to the successful completion of the agency's task.

(f) SOLE SOURCE BY LAW. The procurement of professional and consultant services from a specific provider that results from a mandate issued by the court systems or state or federal law.

R2:19-11-232. ETHICAL STANDARDS.

In accordance with Ark. Code Ann. § 19-11-708(a), (b), and (c), the following statement must be conspicuously set forth in all contracts and solicitations costing more than twenty thousand dollars (\$20,000): "It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business."

19-11-233. Emergency procurements — Definition.

R1:19-11-233. EMERGENCY PROCUREMENTS.

(a) APPROVAL. All non-critical emergency procurements must be approved in advance by the State Procurement Director, the head of a procurement agency, or a designee of either officer. Where time or circumstance does not permit prior approval, approval must be obtained at the earliest practical date. Requests for approval must be made in writing and include:

(1) a copy of the purchase order;

(2) a copy of the quotation abstract Competitive Bid Tabulation form; and

(3) a written explanation of the emergency.

(b) TIE BIDS.

(1) Definitions: As used in this section

(i) "Arkansas company" means a domestic corporation, limited liability company, partnership, or not-for-profit organization as defined by Arkansas law; and

(ii) "Out-of-state company" means all foreign entities as defined by Arkansas law.

(2) In the event the lowest prices offered result in a tie bid, the person responsible for awarding a contract must ensure that all offers meet specifications.

(3) In the event of a tie bid between two or more offers that meet the specifications as required and where one of the offerors is an Arkansas company, then the award will be made to that Arkansas company.

(4) In the event of a tie bid between two or more offers that meet the specifications as required

(i) and where at least two of the offerors are Arkansas companies, then an award will be determined by lot (flip of a coin) between those Arkansas companies;

(ii) or if all of the offerors are out-of-state companies, then an award will be determined by lot (flip of a coin) among all the bidders.

(5) The coin flip will be done in the presence of at least one witness by the person responsible for awarding the contract. All witnesses must be employees of the State of Arkansas. A documentation of the coin flip must be included on the tabulation or bid history sheet and be signed by the person responsible for awarding the contract and all witnesses.

(c) LEGISLATIVE REVIEW. Except in the case of a “critical emergency” procurement, as that term is defined in Ark. Code Ann. § 19-11-233(b)(2), all services contracts must be presented for legislative review as required under Ark. Code Ann. § 19-11-265.

R2:19-11-233. ETHICAL STANDARDS.

In accordance with Ark. Code Ann. § 19-11-708(a), (b), and (c), the following statement must be conspicuously set forth in all contracts and solicitations costing more than twenty thousand dollars (\$20,000): “It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business.”

19-11-234. Competitive bidding.

(a)

(1) Competitive bidding is a method of procurement which requires obtaining bids by:

- (A) Direct mail request to prospective bidders and obtaining written bids;
- (B) Telephone;
- (C) Telegraph;
- (D) Written form; or
- (E) Electronic media.

(2) A competitive bid form authorized by the State Procurement Director must be completed.

(3) If three (3) competitive bids are not obtained on purchases when bids are required, the form must show the names of at least three (3) firms contacted in attempting to obtain competition or show the reason three (3) firms were not contacted.

(4)

(A) Only firms which sell the type of commodity or service to be procured shall be contacted.

Code Ann. § 22-1-101 commodities in serviceable condition and/or commodities of potential use by agencies, tax-supported entities, or not-for-profit organizations for a twenty-day period prior to making them available to the general public. During the twenty-day hold period, commodities may only be sold to agencies, tax-supported entities, or not-for-profit organizations by Marketing and Redistribution. At the sole discretion of the Director or the Director’s designee at Marketing and Redistribution, commodities which the Director or the Director’s designee at Marketing and Redistribution reasonably believe to be valued at one hundred dollars (\$100) or less per individual item, or commodities that historically have not sold to agencies, tax-supported entities, or not-for-profit organizations or items that are unserviceable may be offered for sale to the general public without the requirement of the twenty-day hold period. The Director or the Director’s designee at Marketing and Redistribution may waive the twenty-day requirement when he determines that such waiver is in the state’s best interest.

(b) **INTRASTATE AGENCY SALE.** Commodities that are no longer needed by an agency may be sold to another agency by completing and submitting an Intrastate Agency Sale Form, which can be found on the M&R website under forms, to Marketing & Redistribution. This form must be completed and forwarded electronically from the selling agency to the purchasing agency, then to M&R, where it is forwarded to DFA Office of Accounting for completion and transfer of funds.

(c) **DISPOSAL.** When commodities have no scrap or resale value, a certificate of property disposal (“CPD”) form must be submitted to Marketing and Redistribution, which will then return to the requestor within ten (10) working days, a certificate of property disposal authorization, indicating the proper handling procedure for the commodities.

(d) **CANNIBALIZATION.** “Cannibalization” means the process whereby a nonexpendable surplus or excess commodity is dismantled for parts to be used as replacements or as components of other machines or devices.

(1) The disassembly of an item for use of its component parts for repair or maintenance of a similar item will only be authorized if such action has greater potential value and benefit than disposal or trade-in of the item in its existing form. Authorization for cannibalization will be approved by Marketing and Redistribution prior to any disassembly or removal of components parts. If authorized, the item will be removed from the agency’s property listing by the requesting agency. Any residual material remaining after cannibalization must be processed through Marketing and Redistribution. Requests for authorization for cannibalization will be expedited. If properly marked, authorization should be returned to agency with ten (10) working days. It is understood that there may be no residual material remaining after cannibalization, but if any, residual material must be processed through Marketing and Redistribution.

(2) Motor vehicles eligible to be registered for highway use (cars and trucks), whether registered or not, may be cannibalized after obtaining authorization from Marketing and Redistribution. These vehicles WILL NOT be removed from the property listing until the carcass of the vehicle has been disposed of by Marketing and Redistribution. In no event should more than ninety days (90) elapse between the authorization of cannibalization and processing of the carcass by Marketing and Redistribution. These procedures do not exempt an agency from compliance with any other requirements relating to the disposal or acquisition of motor vehicles.

(e) **HANDLING OF SURPLUS EQUIPMENT.** Agencies with surplus items must contact Marketing and Redistribution to schedule a delivery or pick-up date. A Surplus Disposal Form

("SDF") must be transmitted by the agency showing the agency name, address, phone number, contact person and listing of all items with serial and property numbers (if available). The Surplus Disposal Form will be processed by Marketing and Redistribution when the surplus items are delivered or picked up.

(3) PUBLIC AUCTION.

(A) Public auction whether electronic or traditional may be used when deemed in the best interest of the State. Auction costs will be paid from proceeds. In a traditional auction, if proceeds do not cover the costs, the agency requesting the auction will be responsible for any expenses not covered from the proceeds. Any cost associated with an electronic auction will be covered by proceeds from the sale.

(B) PROCEDURES. In a traditional auction a licensed auctioneer will be used. The solicitation to bidders must stipulate, at a minimum: all terms and conditions of any sale, that the purchaser must remove all items purchased within a stated time, and that the state retains the right to reject any and all bids. In an electronic auction the purchaser must pick up or otherwise cause the items purchased to be removed within a stated time.

(4) COMPETITIVE SEALED BIDDING.

(A) Competitive sealed bidding will be used when:

(i) the value of the item cannot be determined based on market value or past history of same or similar items sold; or

(ii) it is determined by Marketing and Redistribution that it is in the best interest of the State.

(B) Procedures.

(i) When surplus commodities are to be sold by competitive sealed bidding, the procedures followed must be in accordance with Ark. Code Ann. § 19-11-204, § 19-11-228, § 19-11-229 and the regulations promulgated hereunder except:

(ii) the award will be made to the highest bidder with the state retaining the right to accept or reject any or all bids when in the best interest of the State.

(5) ONSITE SALES.

(A) DEFINITION. Onsite sales includes the process of (1) internet auctioning and (2) sale of commodities to the general public from the Marketing and Redistribution office, a satellite location and/or other agency locations when approved by Marketing and Redistribution.

(B) Onsite sales will be used for surplus items not purchased by other state agencies or tax supported entities.

(C) PROCEDURE. Selling price will be established by Marketing and Redistribution based upon demand, condition of commodities, past experience gained from auction or competitive sealed bid sales; and prevailing retail prices for same or similar commodities in the local market.

(6) NEGOTIATED SALE. Negotiated sale may be used if no acceptable bids were received during the bid process and an offer is made “after the fact” for the item. Offers will only be accepted from bidders that participated in the sealed bid offering the item.

(7) TRADE-IN. Surplus commodities may be traded in when the Marketing and Redistribution Manager or Assistant Marketing and Redistribution Manager determines that the trade-in value is expected to exceed the value estimated to be obtained through the sale of the commodity less administrative expenses incurred during a sale.

(8) LEASE OR DONATION. Surplus commodities may be leased or donated to tax supported entities or non-profit organizations when requested in writing by the owning agency and approved by the Director of the Office of State Procurement.

(A) Written requests must be submitted to the Marketing and Redistribution Manager identifying the equipment by name, serial number, property number, the benefit to the public in cases of proposed donations, and lease terms in cases of proposed property leasing. The Marketing and Redistribution Manager will estimate the property value and forward the request to the Director of the Office of State Procurement for his approval/disapproval.

(B) The Director of the Office of State Procurement will respond in written communication to the requesting agency on a case-by-case basis.

(C) The requesting agency must maintain a copy of the original written request and the written approval/disapproval from the Director of the Office of State Procurement for audit purposes.

(D) Copies of the request and approval/disapproval will also be maintained at Marketing and Redistribution.

(9) The Arkansas State Highway and Transportation Department may dispose of commodities without the assistance of the Office of State Procurement, but it must comply with the procedures outlined herein for said disposition. Nothing herein is intended to prohibit the use of the Office of State Procurement for the disposition of those commodities, and the Department may request the Office of State Procurement make the disposition.

(10) Excess commodities in remote locations and/or property too heavy or expensive to transport to Marketing and Redistribution.

(A) Excess commodities that are in remote locations and/or commodities where the cost to transport to Marketing and Redistribution would be prohibitive should be reported by written communication to Marketing and Redistribution with a complete description and details of the condition of the equipment. Marketing and Redistribution will make one of the following recommendations:

(i) The commodity should be redistributed for state use and Marketing and Redistribution will notify agencies and/or tax- supported entities that could utilize the commodity. When the property is sold, the receiving agency will be responsible for the removal of the item(s), with the expense of moving being taken into consideration when price is determined.

(ii) Marketing and Redistribution will prepare an invitation for bids or authorize the agency to prepare an invitation for bids with inspection being held at the agency location.

(iii) A certificate of property disposal will be transmitted to the owning agency designated as follows:

(a) The property identified is authorized for cannibalization by the Marketing and Redistribution Manager who hereby authorizes the agency to perform the cannibalization.

(b) The property identified is authorized for destruction by the Marketing and Redistribution manager who hereby authorizes the agency to perform the destruction.

(c) Property that has a material content of lead, copper, brass, iron, etc. will be disposed of by sale to a local scrap dealer(s) at local prices. Payment(s) received are to be sent and made payable to: Marketing and Redistribution with a copy of the Certificate of Property Disposal authorizing the sale.

History. Acts 1979, No. 482, § 57; A.S.A. 1947, § 14-276; Acts 2001, No. 1237, § 34; 2003, No. 487, § 7; 2005, No. 1680, § 10; 2009, No. 677, § 1. 2017, No. 882, §§ 1, 2; 2019, No. 420, §§ 24; 2021, No. 487, § 1; 2021, No. 793, §§ 3-4.

R1:19-11-244 DEFINITIONS.

R1:19-11-244.1 “Aggrieved in connection with the award of a contract” is the condition of being an actual bidder, offeror, or contractor who has been denied the award of a contract as the result of the improper or unlawful award of the contract.

R1:19-11-244.2 “Aggrieved in connection with a solicitation” is the condition of being an actual or prospective bidder, offeror, or contractor interested in submitting a bid, offer, or qualifications (as applicable) in response to a solicitation, but who is denied the opportunity to compete fairly for award of a contract because of improper or unlawful solicitation terms or conduct.

R1:19-11-244.3 “Anticipation to award a contract” means the State’s identification of the person (or persons) it anticipates contracting with as the result of a solicitation.

R1:19-11-244.4 “Award of a Contract” means the State’s process for formally accepting a responsive bid, proposal, or qualifications as the basis for a contract with the State. Award of a contract is generally preceded by notice of the State’s anticipation to award a contract.

R1:19-11-244.5 “Constructive knowledge”, as used in these rules, means knowledge or information that a protestor would have by a given date if the protestor had exercised reasonable care or diligence, regardless of whether the protestor actually had the knowledge or information. It includes knowledge of:

- (i) applicable provisions of Arkansas Procurement Law and other applicable law and administrative rules;
- (ii) solicitation instructions, criteria, deadlines, and requirements contained in solicitation documents or otherwise available to persons interested in the solicitation or provided in a mandatory pre-solicitation meeting;
- (iii) available public records kept in connection with a solicitation or award of a contract;
- (iv) communications or actions regarding the solicitation to any person whose knowledge is imputed to the protestor under the law of agency, fiduciaries, partnership, respondeat superior, or otherwise;
- (v) facts not subject to reasonable dispute that are generally known or ascertained by resort to readily available sources whose accuracy cannot reasonably be questioned; and
- (vi) any other applicable information discoverable by the exercise of reasonable care or diligence, such as a request for information.

R1:19-11-244.6 “Grounds” of the protest are as defined in § 19-11-244(a)(4).

R1:19-11-244.7 “Interested Party”, when used in relation to a protest in connection with a solicitation, means any actual or prospective bidder, offeror, or contractor actually or prospectively participating in a solicitation. When used in relation to a protest in connection with the award of a contract, it means a bidder, offeror, or contractor who actually submitted a bid or offer or who holds a contract to provide the commodities or services solicited.

R1:19-11-244.8 “Protest” means a written objection from a person setting forth facts showing that the person is an interested party who has been aggrieved in connection with: (a) the solicitation of a contract; or (b) the award of a contract.

R1:19-11-244.9 “Solicitation” means an instance of soliciting bids, proposals, or qualifications for a contract for commodities or services, and includes “competitive bidding,” “competitive sealed bidding,” “competitive sealed proposals,” and “request for qualifications,” as those terms are defined in Arkansas Procurement Law.

R1:19-11-244.10 “Submitted” means a protest that conforms to the formal requirements as defined in these rules, that has been received by the State Procurement Director or the head

of the relevant procurement agency. It is not sufficient for a protestor to merely claim a protest was submitted; evidence of actual receipt of the protest must be obtained, whether return receipt, confirmation email by the State Procurement Director or the head of the relevant procurement agency, or other adequate evidence of receipt.

R2:19-11-244 PROTEST REQUIREMENTS.

R2:19-11-244.1 Substantive Requirements. A protest must set forth facts showing that the protestor: is an interested party, (ii) has been aggrieved: (a) in connection with a solicitation, or (b) in connection with the award of a contract, and (iii) has Grounds.

R2:19-11-244.2 Formal Requirements. A protest must be Submitted in writing to the State Procurement Director or the head of the relevant procurement agency. To expedite handling of protests, if delivered by mail, the envelope containing a protest should be clearly labeled "Protest." Protests delivered by email should be identified as a protest in the subject line and marked as important. A protest shall include as a minimum the following:

- (a) The name and address of the protestor (or the protestor's attorney);
- (b) Appropriate identification of the solicitation by reference to its number, if a number has been assigned; and
- (c) Unless good cause is shown for its absence, a copy of any documents or supporting evidence upon which the protest is based, attached to or enclosed with the protest as an exhibit. Where such documents or supporting evidence substantiating any claims made in a protest are believed or known to exist, but are not available with reasonable diligence to include as an exhibit within the time for submitting a protest, the anticipated documents must be described in the protest so as to explain how they are expected to support the protest and when the protestor reasonably anticipates they will be available, if ever. Failure to provide such supporting exhibits without good cause or within a reasonable time may result in the protest not being sustained.

R2:19-11-244.3 Time Periods for Submission. There are two types of protests permitted under Ark. Code Ann. § 19-11-244: (i) a protest in connection with the solicitation of a contract; and (ii) a protest in connection with the award of a contract. To be timely, a protest must be submitted in writing to the State Procurement Director or the head of the procurement agency conducting the procurement:

- (a) at least seventy-two (72) hours before the deadline for submitting a response to the solicitation, if it is a protest in connection with the solicitation of a contract; or
- (b) within fourteen (14) calendar days after the award or notice of anticipation to award has been posted, whichever occurs first.

R3:19-11-244 BURDEN OF SUPPORTING A PROTEST AND SUPPLYING REQUESTED INFORMATION.

A party submitting a protest has the burden of stating facts showing that the protestor has Grounds in connection with a solicitation or in connection with the award of a contract. The State Procurement Director or the head of a procurement agency determining a protest may, but has no duty to, request a protestor or other interested party to submit documentation or information relevant to the protest. Failure of any person to comply expeditiously with a request for documents or information by the State Procurement Director or the head of a procurement agency determining a protest may result in the protest being determined without consideration of the requested information. Delivery of requested documents or information after three business days from the request is generally not considered expeditious, but the State

Procurement Director or the head of a procurement agency may allow additional time for good cause.

R4:19-11-244 STAY OF PROCUREMENTS DURING PROTEST.

When a protest has been timely submitted, no execution of the contract shall be made until the protest has been settled or determined by the State Procurement Director or relevant procurement agency head, unless the State Procurement Director or relevant procurement agency head makes a written determination, after consulting with the head of the using agency or the head of the procurement agency, that the execution of the contract without delay is necessary to protect substantial interests of the State.

R5:19-11-244 MAKING INFORMATION ON PROTESTS AVAILABLE.

In the interest of transparency, a person who is an interested party in a solicitation should be given the same access to solicitation documents that are public records (as defined in Ark. Code. Ann. § 25-19-103(7)) as a citizen of the State of Arkansas is entitled to under the Arkansas Freedom of Information Act of 1967.

R6:19-11-244 DECISION BY THE STATE PROCUREMENT DIRECTOR OR THE HEAD OF A PROCUREMENT AGENCY.

R6:19-11-244.1 TIME FOR DECISIONS. A decision on a protest shall be made by the State Procurement Director or the head of a procurement agency with reasonable promptness after receiving all relevant and requested information, or upon determining that information requested by the State Procurement Director or the head of a procurement agency will not be made readily available. If a protest is sustained, the available remedies include, but are not limited to, those set forth in Ark. Code Ann. § 19-11-244(g), and Ark. Code Ann. § 19-11-247.

R6:19-11-244.2 REMEDIES FOR SUCCESSFUL PROTESTOR. When a protest is sustained and the successfully protesting bidder or offeror denied the contract award, the protesting bidder or offeror may submit a claim for the reasonable costs incurred in connection with the solicitation, including bid preparation costs, through the Arkansas Claims Commission (the "Commission"). The Commission regulates the procedure by which such claims are submitted and determined.

19-11-245. Debarment or suspension.

(a) APPLICABILITY. This section applies to debarment for cause from consideration for award of contracts, or a suspension from such consideration during an investigation, when there is probable cause for such a debarment.

History. Acts 1979, No. 482, § 58; A.S.A. 1947, § 14-277; Acts 2001, No. 1237, § 35; 2003, No. 487, § 8; 2019, No. 315, §§ 1776-1778.

R1:19-11-245. SUSPENSION.

(a) Prior to any suspension, the contractor will be afforded an opportunity to discuss with the Director or head of a procurement agency the circumstances which led to the possible suspension and to potentially reach a settlement.

(b) SUSPENSION. In the event a bidder is suspended, a written determination shall be made by the State Procurement Director or head of a procurement agency concerning the facts of any allegation or claim that a bidder has done any action in R3:19-11-245(b) and shall be sent to the bidder at the address shown in the procurement agency's records.

R2:19-11-245. DEBARMENT.

(d) A change in any performance-based standards stated in the contract;

(e) The imposition of financial consequences as the result of a failure to satisfy

performance-based standards under § 19-11-267 during the year preceding the renewal or extension of the contract; and

(f) The submission of a vendor performance report during the year preceding the renewal or extension of the contract.

(B) However, a state agency may elect to submit a contract for review under this subsection if the state agency is uncertain whether the contract has a material change.

(5) A contract that is submitted for review under this subsection and that has a total projected contract amount of at least three hundred fifty thousand dollars (\$350,000) shall have a cover sheet that provides the following information:

(A) A description of the services being procured;

(B) A description of the procurement process followed, including without limitation the

method used for the procurement; and

(C) The outcome of any protests.

(b) The Legislative Council or the Joint Budget Committee may review or exempt from review any contract or group of contracts contemplated by this section.

(c) A contract that is procured by a state agency that has a state agency procurement official or procurement authority under a delegation order is subject to the presentment requirements under this section.

(d) It is a violation of state procurement laws, Arkansas Code Title 19, Chapter 11, for a state agency official to procure services in an incremental or split purchase arrangement to avoid the presentment requirements of this section.

History. Acts 2007, No. 870, § 1; 2009, No. 396, § 1; 2015, No. 557, § 5; 2019, No. 417, § 7.

R1:19-11-265. SUBMISSION OF CONTRACTS FOR SERVICES.

(a) Contracts requiring “services,” as defined in Arkansas Procurement Law and these rules, are to be presented to the Legislative Council or, if the General Assembly is in session, to the Joint Budget Committee, before the execution of the contract if the contract amount is fifty thousand dollars (\$50,000) or more in any one year of the contract’s term, or if the total projected contract amount, including any amendments or possible extensions, is three hundred fifty thousand dollars (\$350,000) or more unless they are contracts for critical emergency procurements or are otherwise exempted from the submission requirements of Ark. Code Ann. § 19-11-265.

(b) Labor, time, or effort included in or incident to a contractor’s production or sale of a commodity or commodities are not considered “services” for purposes of determining whether a contract is a “contract requiring services” within the meaning of Ark. Code Ann. § 19-11-265. Consequently, a contract for the procurement of a commodity or commodities is not a “contract requiring services” for purposes of Ark. Code Ann. § 19-11-265 if it only calls for labor, time, or effort included in or incident to the procurement of the commodity or commodities.

(c) Where a tangible commodity exists and is identifiable at the time of the commodity’s procurement, any labor, time, or effort expended in its production are not considered services if no separate consideration is paid beyond the purchase price of the commodity for the labor, time, and effort expended in producing the commodity. Even where a present purchase order is for a tangible commodity yet to be produced, the future labor, time, or effort to be expended in the production of the commodity will not be considered “services” if the only consideration to be paid is the purchase price of the commodity after its receipt (and incidentals, such as taxes, delivery fees, etc.), and no separate consideration is paid for the labor, time, or effort expended in the production of the commodity. However, where a contract requires a contractor to furnish labor, time, or effort to produce a commodity not yet in existence, such as a computer program, and the contract calls for consideration to be paid to the contractor based on the labor, time, or effort furnished in the production of the commodity rather than based on the finished commodity, such labor, time, or effort are considered “services.”

(d) If a contract will require procurement of a combination of commodities and services, as those terms are defined in Arkansas Procurement Law and these rules, then it should be submitted for review under Ark. Code Ann. § 19-11-265 if the services component of the

contract is fifty thousand dollars (\$50,000) or more in any one contract year, or if the total projected contract amount, including any amendments or possible extensions, is three hundred fifty thousand dollars (\$350,000) or more.

R2:19-11-265. MATERIAL CHANGES TO CONTRACTS FOR SERVICES

(a) A contract that has previously been presented for review does not need to be presented for legislative review again upon its renewal or extension unless it introduces a "material change." There are two classes of material changes that trigger a duty to resubmit a contract for review at either renewal of a contract or extension of a contract term:

(1) an amendment that is a material change in contractual terms, including, without limitation:

- (A) An increase in the contract amount;
- (B) An increase in the total projected contract amount;
- (C) A change in any of the essential terms of the contract;
- (D) A change in any performance-based standards stated in the contract;

and

(2) a material deviation by a contractor from the performance promised during the period preceding renewal or extension, such as a:

(A) default requiring the imposition of financial consequences as the result of the contractor's failure to satisfy performance-based standards under Ark. Code Ann. § 19-11-267 during the year preceding the renewal or extension of the contract; or

(B) vendor performance resulting in a vendor performance report during the year preceding the renewal or extension of the contract.

Both of these are "material changes" that trigger the duty to re-submit a contract for review prior to a renewal or an extension.

For purposes of Ark. Code Ann. § 19-11-265, renewal refers to re-establishing an existing contract for another term, whereas extension is extending the term of an existing contract that would otherwise expire. Although technically distinguishable, they are functionally similar.

(b) Definitions.

1. "Essential terms of a contract," also called fundamental terms, are provisions that must be included for an enforceable contract to exist between the parties under any applicable statute of frauds.

2. "Initial contract amount" refers to the amount agreed to for the initial term of a contract.

3. "Total projected contract amount" refers to the total amount that the state is projected to expend under the contract over the entire life of the contract, which can be no more than seven (7) years under Ark. Code Ann. § 19-11-238.

R3:19-11-265. TECHNICAL AND GENERAL SERVICES CONTRACTS ON FILE IN THE OFFICE OF STATE PROCUREMENT.

All agencies will be required to maintain copies in accordance with current document retention laws (Ark. Code Ann. § 19-11-214), of all purchase orders issued for the procurement of technical and general services.

R4:19-11-265. Reporting of Contracts for Commodities including Services with a projected total cost greater than \$250,000.

(Rescended)

R5:19-11-265. Reporting of Technical and General Services Contracts.

(1) Technical and general services contracts with a total projected contract amount, including any amendments and possible extensions, of twenty-five thousand dollars (\$25,000) and less than one hundred thousand dollars (\$100,000) shall be reported to the Legislative Council or the Joint Budget Committee monthly. Agencies must report contracts using the appropriate method as determined by the Office of State Procurement.

(2) Maintenance contracts are not considered services of one (1) or more individuals for regular full-time or part-time weekly work, and do not require reporting to the Legislative Council or the Joint Budget Committee. Maintenance contracts are narrowly defined as providing help or assistance needed to support the continuous operation of procured commodities according to the commodities' original functionality and specifications, including but not limited to software maintenance contracts. Agencies should not apply maintenance contracts so broadly as to frustrate the legislative intent of statutes requiring reporting of certain consulting services or professional service contracts.

(3) Under subsection (a)(1), "regular" is defined by giving the word its ordinary and usually accepted meaning in common language, which in the context of subsection (a)(1) shall be constituted, conducted, scheduled, or done in conformity with established or prescribed usages, rules, or discipline.

R6:19-11-265. Reporting of Technical and General Services Contracts.

Technical and general services contracts with a total projected contract amount, including any amendments and possible extensions, of twenty five thousand dollars (\$25,000) and less than one hundred thousand dollars (\$100,000) shall be reported to the Legislative Council or the Joint Budget Committee monthly. Agencies shall report contracts using the appropriate method as determined by the Office of State Procurement.

R7:19-11-265. Technical and General Services Contracts on File in the Office of State Procurement.

All agencies will be required to maintain copies in accordance with current document retention laws (Ark. Code Ann. § 19-11-214), of all purchase orders issued for the procurement of technical and general services

19-11-266. High efficiency lighting — Preference — Definitions.

(a)

(1) The General Assembly finds:

(A) The expansion of state government makes it one of the state's leading purchasers of lighting commodities;

(B) Recent technological developments have produced energy-efficient devices that reduce energy costs through a reduction in energy usage; and

(C) Prudent use of taxpayer dollars dictates that the State of Arkansas should be at the forefront of implementing energy-efficient devices in facilities operated with public funds.

(2) The intent of this section is to promote the use of high efficiency lighting in facilities operated with public funds when feasible.

(b) As used in this section:

(1)

(A) "Fluorescent lamp" means a gas-discharge lamp that:

(i) Utilizes a magnetic, electronic, or other ballast; and

(ii) Uses electricity to excite mercury vapor in argon or neon gas resulting in a plasma that produces short-wave ultraviolet light that causes a phosphor to fluoresce and produce visible light.

(B) "Fluorescent lamp" includes without limitation a compact fluorescent lamp;

(2) "High efficiency lighting" means fluorescent lamp or solid state lighting;

(3) "Solid state lighting" means a light device that utilizes light-emitting diodes, organic light-emitting diodes, or polymer light-emitting diodes as sources of illumination rather than electrical filaments or gas; and

(4)

(A) "State agency" means any agency, institution, authority, department, board, commission, bureau, council, or other agency of the state supported by appropriation of state or federal funds.

(B) "State agency" includes the constitutional departments of the state, the elected constitutional offices of the state, the General Assembly, including the Legislative Council and the Legislative Joint Auditing Committee and supporting agencies and bureaus thereof, the Supreme Court, the Court of Appeals, circuit courts, prosecuting attorneys, and the Administrative Office of the Courts.

(c) Whenever a state agency purchases or requires a bid for the purchase of an indoor lamp, a preference for high efficiency lighting shall be exercised if the use of high efficiency lighting is technically feasible and the price is competitive with consideration given to the long-term cost effectiveness and savings of high efficiency lighting.

(d)

(1) The goal of state agencies for the percentage of purchased indoor lamps that are high efficiency lighting shall be one hundred percent (100%) by January 1, 2008.

(2) The Office of State Procurement shall prepare an annual report to the Legislative Council of the state's progress in meeting the goals for the purchase of high efficiency lighting.

History. Acts 2007, No. 1597, § 1.

19-11-267. Development and use of performance-based contracts — Findings.

(a) The General Assembly finds that:

(1) Performance-based contracts provide an effective and efficient method of monitoring and evaluating the overall quality of services provided; and

(2) The practice of including benchmark objectives that the provider must attain at specific intervals during the term of the contract is an essential requirement for measuring performance.

(b)

(1) A state agency, board, commission, or institution of higher education that enters into a contract under this chapter to procure services that has a contract amount of at least one million dollars (\$1,000,000) in a single contract year or a total projected contract amount, including any amendments to or possible extensions of the contract, of at least seven million dollars (\$7,000,000) shall use performance-based standards in the contract that are specifically tailored to the services being provided under the contract.

(2) The performance-based standards used under this subsection shall include performance measures based on objective factors.

(3) A state agency, board, commission, or institution of higher education is encouraged to use performance-based standards that are based on objective factors in any other contract in which it would serve the best interest of the state.

(c) A state agency, board, commission, or institution of higher education that enters into a contract with performance-based standards:

(1)

(A) Shall monitor the vendor's performance and adherence to the performance-based standards in the contract.

(B) For state contracts, the Office of State Procurement shall be the state agency that monitors each vendor's performance under this subdivision (c)(1); and

(2) May impose financial consequences, as identified in the contract, on a vendor that is party to a contract with performance-based standards for failure to satisfy the performance-based standards, including without limitation withholding payment or pursuing liquidated damages to the extent allowed by law.

(d)

(1) The State Procurement Director shall promulgate rules necessary to implement and administer this section.

(2) Rules promulgated under this subsection are subject to approval by the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee.

History. Acts 2015, No. 557, § 6; 2019, No. 418, § 4.

R1:19-11-267. USE OF PERFORMANCE-BASED STANDARDS IN CONTRACTS.

(a) The purpose of performance-based standards is to allow the agency to effectively measure the level of performance provided by the contractor at various stages of the contract.

(b) It is recommended that all services contracts include performance standards.

(c) All services contracts that have a contract amount of at least one million dollars (\$1,000,000) in a single contract year or a total projected contract amount, including any amendments to or possible extensions of the contract, of at least seven million dollars (\$7,000,000), including any amendments or possible extensions, shall include performance standards.

(d) Performance standards, as a general rule, are highly recommended as an element of any service contract and may be standardized for use with similar service contracts or may be specifically developed for unique requirements. However, performance-based standards are mandatory and must be specifically tailored to the services being provided under any services contract whenever a state agency, board, commission, or institution of higher education that enters into a contract to procure services that has a contract amount of at least one million dollars (\$1,000,000) in a single contract year or a total projected contract amount, including any amendments to or possible extensions of the contract, of at least seven million dollars (\$7,000,000).

(e) Performance standards should measure, at prescribed points throughout the term of the contract, the quality, quantity, and timeliness of work being performed.

(f) Performance standards may be refined by the agency and the provider as a part of the contract negotiations.

(g) A provider's inability to meet established performance standards may be sufficient cause for declaring default and may also result in cancellation of the contract.

19-11-268. Vendor performance reporting.

(a)

(1) A state agency shall report a vendor's performance under a contract executed under this chapter if the vendor fails to satisfy the performance-based standards stated in the contract in a manner that represents a material deviation.

- (2) A state agency shall use a form prescribed by the State Procurement Director and approved by the Legislative Council or, if the General Assembly is in session, the Joint Budget Committee, to report a vendor's performance under this section.
- (b) The report required under this section shall be:
- (1) Filed with the Office of State Procurement and maintained for a minimum of three (3) years from the termination of the relevant contract, including any extensions and amendments;
 - (2) Signed by the director of the state agency or his or her designee; and
 - (3) Filed monthly until the vendor has performed satisfactorily under the contract for a period of at least ninety (90) consecutive days.
- (c) A state agency may report a vendor's performance in the manner prescribed under this section for any contract that would not require reporting of a vendor's performance under this section if the state agency encounters an issue with the vendor's performance of a contract.
- (d) A state agency may use a vendor performance report submitted under this section to evaluate an offeror to the extent that the past performance of an offeror may be considered under the law and the rules adopted by the office.

History. Acts 2015, No. 557, § 6; 2019, No. 418, § 4.

R1:19-11-268. Reporting of Vendor Performance.

Contracts with a total projected contract amount, including any amendments and possible extensions, of twenty five thousand dollars (\$25,000) or more shall require the submission of a vendor performance report at least one (1) time every three (3) months for the entire term of the contract and at the end of the contract. Reports shall be due to the Office of State Procurement. This shall not restrict agencies from submitting an 6 unsatisfactory vendor performance report at any time during the contract period. Agencies shall submit vendor performance reports using the appropriate method as prescribed by the Office of State Procurement.

19-11-269. Review of information technology plans.

The Office of State Procurement shall ensure that all required information has been submitted to the Office of Intergovernmental Services for review of proper planning and technical requirements before the execution of:

- (1) A contract issued under this subchapter that procures information technology products or services with a total projected contract amount, including any amendments to or possible extensions of the contract, of at least one hundred thousand dollars (\$100,000); or
- (2) A purchase of information technology products or services made under a cooperative purchase agreement under § 19-11-249.

History. Acts 2015, No. 557, § 6.

R1:19-11-269. PROCEDURES FOR APPROVAL OF INFORMATION TECHNOLOGY PRODUCTS OR SERVICES.

Agencies must submit to the Department of Finance and Administration Office of Intergovernmental Services State Technology Planning (STP) any bid solicitation, sole source, exempt by law purchase, intergovernmental agreement, or cooperative contract purchase for

Information Technology products or services where the total projected contract amount, including any amendments or possible extensions, is one hundred thousand dollars (\$100,000) or more. In addition, any bid solicitation, sole source, exempt by law purchase, intergovernmental agreement, or cooperative contract purchase that includes Information Technology products or services as part of the purchase, where that part is anticipated to have a total projected contract amount, including any amendments or possible extensions, of one hundred thousand dollars (\$100,000.00) or more must be submitted to STP for approval.

STP will provide approval through the state's financial management system. STP shall have ten (10) business days from receipt of the documents to complete the necessary reviews. If the STP review is not completed within the time frame allowed, the agency and STP must mutually agree to an extension of the review process.

19-11-270. Penalty for intentional violation.

A person who purposely violates state procurement laws, Arkansas Code Title 19, Chapter 11, upon conviction is guilty of a Class D felony.

History. Acts 2015, No. 557, § 6.

19-11-271. Compliance reporting.

(a) Each report required under this subchapter shall be copied to the Secretary of the Department of Transformation and Shared Services, who shall review each report for compliance with the fiscal responsibility and management laws of the state under the State Fiscal Management Responsibility Act, § 19-1-601 et seq.

(b) If the secretary determines that a state agency, agency procurement official, or state official or employee may be in violation of the fiscal responsibility and management laws of the state under the State Fiscal Management Responsibility Act, § 19-1-601 et seq., the secretary shall notify the chief executive officer of the relevant state agency.

History. Acts 2015, No. 557, § 6; 2019, No. 910, § 3473.

19-11-272. Experience requirement — Findings.

(a)

(1) The General Assembly finds that:

- (A) An invitation for bids, a request for proposals, and a request for qualifications often require that bidders and offerors have a certain amount of experience to qualify;
- (B) These experience requirements often apply to the business of the bidder or offeror rather than the key personnel of the bidder or offeror;
- (C) As a result, new businesses with highly qualified personnel often do not qualify to compete for state contracts even though the executives and employees of the business have the experience required; and
- (D) It is in the best interests of the state to encourage new businesses and to seek out the most qualified people to provide products and services to the state.

(2) The General Assembly intends for this section to:

- (A) Encourage entrepreneurship;
- (B) Level the playing field for new businesses to compete for business opportunities; and
- (C) Enable new businesses with highly qualified personnel to compete for state

contracts.

(b) If an invitation for bids, a request for proposals, or a request for qualifications under this chapter requires a certain amount of experience or a certain number of years in existence for the bidder or offeror, the requirement shall be satisfied by either:

(1)

(A) The amount of experience of the bidder or offeror.

(B) A bidder or offeror may use the combined experience of its owners or senior executive staff to satisfy the requirement under subdivision (b)(1)(A) of this section; or

(2) The combined amount of experience of the key personnel of the bidder or offeror that will be responsible for satisfying the requirements of the contract to be procured.

(c)

(1) However, before the issuance of an invitation for bids, a request for proposals, or a request for qualifications, the Office of State Procurement or a procurement agency may determine in writing that the combined experience of the key personnel of a bidder or offeror under subdivision (b)(2) of this section would be insufficient to adequately satisfy the requirements of the invitation for bids, request for proposals, or request for qualifications.

(2) A written determination under subdivision (c)(1) of this section shall include the following:

(A) A specific description of the products or services that the Office of State Procurement or procurement agency seeks to procure; and

(B) A detailed statement of the reasons the combined experience of the key personnel of a bidder or offeror would be insufficient.

History. Acts 2015, No. 281, § 1.

R1:19-11-272. EXPERIENCE REQUIREMENT.

Prior to the release of a bid solicitation, if the agency justifies in writing that the combined experience of the key personnel would be insufficient to adequately satisfy the requirements of the bid solicitation, the agency must include in the bid solicitation a statement indicating that only the experience of the bidder or offeror shall be considered.

19-11-273. Procurements for services in designated positions and designated financial and information technology positions.

A contract for services with a person employed or entity employing persons in a designated position or designated financial or information technology position as defined in § 21-15-101 shall require compliance with the registry records check and criminal history records check laws under § 21-15-101 et seq.

History. Acts 2019, No. 318, § 4.

19-11-274. Reporting requirements.

(a) The State Procurement Director shall compile a monthly report of all executed contracts for services that have a total initial contract amount or a total projected contract amount, including any amendments or possible extensions, of at least twenty-five thousand dollars (\$25,000) but less than an annual contract amount of fifty thousand dollars (\$50,000) in any one (1) contract year or a total projected contract amount, including any amendments or possible extensions, of three hundred fifty thousand dollars (\$350,000).

(b) A contract that is procured by a state agency that has a state agency procurement official or procurement authority under a delegation order is subject to the reporting requirements under this section.

(c) The State Procurement Director shall adopt rules to:

(1) Prescribe a cover sheet for the report required under this section that sorts and identifies

contracts within the report that may be candidates for review;

(2) Create instructions for completing the cover sheet prescribed under subdivision (c)(1) of this section; and

(3) Provide for the identification of any contracts included in the report that may need to be reviewed under § 19-11-265.

(d) It is a violation of state procurement laws, Arkansas Code Title 19, Chapter 11, for a state agency official to procure services in an incremental or split purchase arrangement to avoid the reporting requirements of this section.

History. Acts 2019, No. 417, § 8.

19-11-275. Tracking requirements.

(a) The State Procurement Director, each agency procurement official, and any state agency with procurement authority under a delegation order shall track the following for the procurements they conduct and the contracts they execute:

(1) Each protest received and the resolution of the protest;

(2) The outcome of any negotiations under this chapter; and

(3) The anticipated procurement needs of the state agency based on the contracts that:

(A) Are set to expire during the next twelve (12) months; and

(B) Will require a new solicitation in the next twelve (12) months.

(b) Each agency procurement official and each state agency with procurement authority under a delegation order shall report the information obtained under subsection (a) of this section to the Office of State Procurement.

History. Acts 2019, No. 417, § 8.

19-11-276. Compliance.

(a) A contractor shall ensure, in cooperation with a state agency, that the contract between the contractor and the state agency adheres to the requirements of this chapter, including without limitation the inclusion of any mandatory language and the submission of the contract for any required review.

(b) The signature of a contractor on a contract with a state agency serves as an acknowledgement that the contractor is:

(1) Equally responsible with the state agency for adhering to the requirements of this chapter related to the content and review of the contract; and

(2) Subject to the relevant ethical provisions of § 19-11-701 et seq.

History. Acts 2019, No. 418, § 5.

19-11-277. Solicitation conferences.

(a)

(1) A state agency may hold a solicitation conference before or after issuing an invitation for bids, a request for proposals, or a request for statements of qualifications and performance data under § 19-11-801 et seq.

(2) A solicitation conference may be held:

(A) In person; or

(B) Online or in another virtual format.

(b) Attendance by a vendor at a solicitation conference is not required for that vendor's bid, proposal, or statement of qualifications and performance data to be accepted unless the attendance requirement is:

(1) Explicitly stated in the invitation for bids, request for proposals, or request for statements of qualifications and performance data; and

(2) Approved by the State Procurement Director or the head of the procurement agency.

(c) A state agency holding a solicitation conference shall:

(1) For an invitation for bids or a request for proposals, include the date and time of the solicitation conference in the notice required under § 19-11-229;

(2) Require vendors in attendance at a solicitation conference to sign in at the solicitation conference or provide a registration record for an online or other virtual solicitation conference, regardless of whether attendance is required under the solicitation; and

(3) Maintain the sign-in sheet or registration records with the other documents related to the solicitation.

(d) A statement made at a solicitation conference does not change the invitation for bids, request for proposals, or request for statements of qualifications and performance data unless a change is made by written amendment to the invitation for bids, request for proposals, or request for statements of qualifications and performance data.

(e) A state agency is encouraged to hold a solicitation conference for a procurement that:

(1) Has a contract amount of at least:

(A) Five million dollars (\$5,000,000) for a single contract year; or

(B) Thirty-five million dollars (\$35,000,000) for the total anticipated term of the contract, including any extensions, based on the previous contract for the same commodities or services or, if a previous contract is not available, a contract for similar commodities or services; or

(2) Is of strategic importance to the state.

History. Acts 2019, No. 419, § 12.

R1:19-11-277. SOLICITATION CONFERENCES.

A solicitation conference may be held by an agency to provide the following information, without limitation, to prospective bidders:

(1) Names and contact information of state personnel who will serve as points of contact to bidders during the solicitation process;

(2) Times, dates, locations and other relevant information pertaining to the procurement calendar and process;

(3) A description of the services or commodities sought, as well as the agency's objectives;

(4) A review of the specifications and pricing model being sought;

(5) And to take questions from attendees

R2:19-11-277. MANDATORY SOLICITATION CONFERENCES.

Agencies may make attendance at a solicitation conference mandatory by obtaining approval from the State Procurement Director or the head of the procurement agency. In seeking such approval, the agency shall:

- (1) Issue a request letter, addressed to the State Procurement Director or the head of the procurement agency. Email is sufficient to constitute a request. Whether delivered by email or mail, the communication should be clearly marked or labeled "Request for a Mandatory Solicitation Conference."
- (2) The written request should clearly articulate the factors and reasoning for why the solicitation conference should be made mandatory, as well as a citation to the mandatory language for a solicitation conference in the invitation for bids, request for proposals, or request for statements of qualifications and performance data.
- (3) A copy of the draft invitation for bids, request for proposals, or request for statements of qualifications and performance data should be attached with the written request.

R3:19-11-277. Nothing discussed during a solicitation conference will augment or change the specifications or terms and conditions of a solicitation, nor shall anything discussed during a solicitation conference be deemed to be binding or incorporated into the specifications or terms and conditions of a solicitation, unless it is subsequently reduced to writing and included in the solicitation.

19-11-278. Vendor training and polling.

The Office of State Procurement shall:

- (1)
 - (A) Develop and deliver vendor training to inform interested vendors of how to do business with the state.
 - (B) The training required under subdivision (1)(A) of this section shall:

History. Acts 2019, No. 419, § 12.

19-11-279. Requests for information — Definition.

- (a) As used in this section, "request for information" means a procedure for formally requesting information, data, comments, or reactions from prospective bidders or offerors in contemplation of a possible competitive sealed bidding procurement under § 19-11-229 or a competitive sealed proposal procurement under § 19-11-230.
- (b) The State Procurement Director, a head of a procurement agency, or a designee of the director or of a head of a procurement agency, may issue or authorize another person to issue a request for information.
- (c) A request for information under this section shall be published in the same manner and location as an invitation for bids, a request for proposals, or a request for qualifications.

(d) A contract shall not be awarded directly from a request for information.

(e) Information provided in response to a request for information under this section is exempt from the Freedom of Information Act of 1967, § 25-19-101 et seq., until:

- (1) The bids for a competitive sealed bidding procurement are opened publicly;
- (2) The notice of anticipation to award is given for a competitive sealed proposal procurement; or
- (3) A decision is made not to pursue a procurement based on the request for information.

History. Acts 2019, No. 419, § 12.

R1:19-11-279. CONDITIONS OF USE.

A request for information (“RFI”) solicitation may be issued by an agency for the purposes of information gathering and planning while contemplating a possible competitive sealed bid procurement or competitive sealed proposal procurement. A RFI is not, and should not be construed as, a commitment by the agency to issue a solicitation in the future. Agencies should not seek, and vendors should not provide, proposals or bids. A response to a RFI should be treated by the agency as informational only, and should not be considered a proposal or bid, nor should any contract be awarded directly from a RFI.

R2:19-11-279. PRICING INFORMATION.

A RFI solicitation may request general pricing models, but specific pricing should be expressly prohibited in the RFI, and if provided unsolicited, should not be considered.

19-11-280. Training and certification of procurement personnel.

Subchapter 3

Bidding – State Industry Priority

19-11-301. Purpose.

The purpose of this subchapter is to protect Arkansas private industries which employ Arkansas taxpayers and citizens from the unfair advantage held by certain out-of-state penal institutions that utilize convict labor and are exempt from minimum wage requirements, Occupational Safety and Health Act of 1970 requirements, and other such standards which are imposed on private industries and which increase the costs of products manufactured by private industries. This advantage which is enjoyed by many out-of-state penal institutions allows them to often receive contracts under the Arkansas Procurement Law, § 19-11-201 et seq., bidding process when Arkansas private industries also submit bids, thus hindering a healthy competitive environment for the private industries of this state.

History. Acts 1981, No. 309, § 1; A.S.A. 1947, § 14-294.

19-11-305. Award to lowest state bidder — Exceptions.

Subject to any applicable bonding requirements, in all bidding procedures involving a bid by one (1) or more out-of-state penal institutions and a bid by one (1) or more private industries located within the State of Arkansas, the contract shall be awarded to the sole Arkansas bidder or lowest Arkansas bidder if the Arkansas bidder is not underbid by more than five percent (5%), as provided in § 19-11-259, by another representative of private industry located outside the State of Arkansas or by more than fifteen percent (15%) by an out-of-state correctional institution.

- (b)

 - (2)
 - (A) If there is a failing of accord with the second firm, negotiations with the firm shall be terminated.

(b) The standard contract form shall include the following items, plus such additional items as the director shall deem desirable for the purposes of this subchapter:

(1) A section setting forth in reasonable detail the objectives and scope of the contractual agreement and the methods to be used to determine whether the objectives specified have been achieved;

(2) The rates of compensation, transportation, per diem, subsistence, out-of-pocket allowances, and all other items of costs contemplated to be paid the contractor by the state agency;

- (3) The method by which the rate of compensation and the total payment shall be calculated;

- (5) The term of the contract;
- (6)
- (A) The names of all individuals who will be supplying services to the state agency or to third-party beneficiaries under the terms of the contracts, so far as those names are known to the contractor at the time of the execution of the contract.
- (B) If the names of all individuals supplying services under the contract are not available at the time of the execution of the contract, the contract shall contain a provision requiring the contractor to submit periodically the names of individuals supplying services as soon as the identity of those individuals is known to the contractor;
- (7) When the contractor is a business entity, the federal identification number of the business entity shall be listed on the contract form;

- (B) As used in subdivision (b)(8)(A) of this section, it shall be understood that when the contractor is a widely held public corporation “direct or indirect monetary benefit” shall not apply to any regular corporate dividends paid to a stockholder of the corporation who is also a state employee and who owns less than ten percent (10%) of the total outstanding stock of the contracting corporation;
- (9)

- (ii) This reporting shall be done to allow the director to determine whether the state agency is utilizing a series of contracts to avoid the use of the standard form and to avoid the application of appropriate rules;
- (10) Standard contract forms in use by licensed practitioners such as architects and engineers may be used to supplement the standard contract forms; and
- (11) All professional consultant services contracts shall contain the following clause:

“In the event the State of Arkansas fails to appropriate funds or make moneys available for any biennial period covered by the term of this contract for the services to be provided by the contractor, this contract shall be terminated on the last day of the last biennial period for which funds were appropriated or moneys made available for such purposes.

Such persons shall, for all purposes, be employees or independent contractors operating under the control of the contractor (sub-contractors), and nothing herein shall be construed to create an employment relationship between the agencies and the persons listed.

(ii) Any contract other than a fixed fee contract shall include a factor in the baseline calculation to account for an increase in taxes or fees due solely to economic factors and not to the use of the technology.

(3) The agency procurement official or procurement agent and the vendor shall negotiate the contract, with the oversight of the department to assist in negotiating an advantageous contract.

(4)

(A) The agency director shall submit the proposed contract and a request for new appropriation to the Governor or his or her designee.

(B) The accompanying information will include the methodology used to calculate the baseline amount proposed by the agency and other justifications and information that detail the program and the expected benefits of the agreement.

(D)

(g) The Secretary of the Department of Transformation and Shared Services may promulgate such rules, procedures, and guidelines as he or she may deem necessary and proper in order to carry out the provisions of this section.

(1) All moneys collected under this subchapter shall be deposited into the State Treasury to the credit of the fund as special revenues.

(2) The fund also shall consist of any other revenues as may be authorized by law.

(c) The fund shall be used by the state agencies to pay vendors for contracts entered into under this subchapter.

(e) As soon as practical after the close of each month during the biennial period beginning July 1, 2003, and thereafter, each agency purchasing official who has a technology purchase contract shall determine the difference between the amount of taxes or fees collected and the contract baseline amount and report these findings to the Chief Fiscal Officer of the State.

(f) The Chief Fiscal Officer of the State shall certify to the Treasurer of State the following:

(1) The amounts determined in subsection (e) of this section for transfer to the fund; and

(2) That portion of the amount determined in subsection (e) of this section which is currently required to be paid to each technology contract vendor.

Subchapter 14

Construction Manager - General Contractor Method of Procurement Pilot Program

19-11-1401. Title.

This subchapter shall be known and may be cited as the "Construction Manager-General Contractor Method of Procurement Pilot Program".

History. Acts 2017, No. 809, § 1.

19-11-1402. Legislative findings.

The General Assembly finds that:

- (1) An efficient transportation system is critical for Arkansas's economy and the quality of life of the state's residents;
- (2) Transportation projects are costly and the revenues currently available for highways and local roads are inadequate to preserve and maintain existing infrastructure and to provide funds for highway improvements;
- (3) The State Highway Commission has developed an alternative, cost-effective, procurement procedure for transportation projects performed by the commission and the Arkansas Department of Transportation;
- (4) A construction manager-general contractor method allows the commission to engage a construction manager:
 - (A) To assist during the design and development process of the transportation project, including without limitation to provide input concerning the transportation project's:
 - (i) Design;
 - (ii) Scheduling;
 - (iii) Pricing; and
 - (iv) Phasing; and
 - (B) Who may subsequently become the general contractor and construct the transportation project if the parties agree on a guaranteed maximum price; and
- (5) The cost-effective benefits are achieved by shifting the liability and risk for cost containment and transportation project scheduling to the construction manager, which leads many states to call this method the "construction manager at-risk method".

- (i) The individual is a confidential informant;
- (ii) The individual is a confidential source; or
- (iii) The individual's assistance is or was provided under the assurance of confidentiality.

(B) Subdivision (b)(27)(A) of this section does not apply to a poll watcher during an election, who shall be allowed to inspect a voter statement and ballot while ensuring the secrecy of the vote is maintained and subject to reasonable restrictions prescribed by the State Board of Election Commissioners.

(c)

(1) Notwithstanding subdivision (b)(12) of this section, all employee evaluation or job performance records, including preliminary notes and other materials, shall be open to public inspection only upon final administrative resolution of any suspension or termination proceeding at which the records form a basis for the decision to suspend or terminate the employee and if there is a compelling public interest in their disclosure.

(2) Any personnel or evaluation records exempt from disclosure under this chapter shall nonetheless be made available to the person about whom the records are maintained or to that person's designated representative.

(3)

(A) Except as stated under subdivision (c)(4) of this section, upon receiving a request for the examination or copying of personnel or evaluation records, the custodian of the records shall determine within twenty-four (24) hours of the

receipt of the request whether the records are exempt from disclosure and make efforts to the fullest extent possible to notify the person making the request and the subject of the records of that decision.

(B)

(i) If the subject of the records cannot be contacted in person or by telephone within the twenty-four-hour period, the custodian shall send written notice via overnight mail to the subject of the records at his or her last known address. Either the custodian, requester, or the subject of the records may, before the close of the Attorney General's office the following business day, seek an opinion from the Attorney General, who, within three (3) working days of receipt of the request, shall issue an opinion stating whether the decision is consistent with this chapter.

(ii) In the event of a review by the Attorney General, the custodian shall not disclose the records until the Attorney General has issued his or her opinion.

(C) However, nothing in this subsection shall be construed to prevent the requester or the subject of the records from seeking judicial review of the custodian's decision or the decision of the Attorney General.

(4) If a request for public records seeks only the gross salary of a public employee or a set of public employees, then the:

(A) Records custodian is not required to notify the public employee or set of public employees before disclosing the gross salary amount; and

(B) Public employee whose gross salary is the subject of the request for public records is not entitled to seek an opinion from the Attorney General under subdivision (c)(3)(B) of this section.

(d)

(1) Reasonable access to public records and reasonable comforts and facilities for the full exercise of the right to inspect and copy, including without limitation copying through image capture, including still and moving photography and video and digital recording, those records shall not be denied to any citizen.

(2)

(A) Upon request and payment of a fee as provided in subdivision (d)(3) of this section, the custodian shall furnish copies of public records if the custodian has the necessary duplicating equipment.

(B) A citizen may request a copy of a public record in any medium in which the record is readily available or in any format to which it is readily convertible with the custodian's existing software.

(C) A custodian is not required to compile information or create a record in response to a request made under this section.

(3)

(A)

(i) Except as provided in § 25-19-109 or by law, any fee for copies shall not exceed the actual costs of reproduction, including the costs of the medium of reproduction, supplies, equipment, and maintenance, but not including existing agency personnel time associated with searching for, retrieving, reviewing, or copying the records.

(ii) The custodian may also charge the actual costs of mailing or transmitting the record by facsimile or other electronic means.

- (iii) If the estimated fee exceeds twenty-five dollars (\$25.00), the custodian may require the requester to pay that fee in advance.
- (iv) Copies may be furnished without charge or at a reduced charge if the custodian determines that the records have been requested primarily for noncommercial purposes and that waiver or reduction of the fee is in the public interest.
- (v) Except as provided in § 25-19-109, the custodian may not charge a fee for the requestor's inspection or copying, including without limitation copying through image capture, including still and moving photography and video and digital recording, of public records.

(B) The custodian shall provide an itemized breakdown of charges under subdivision (d)(3)(A) of this section.

(e) If a public record is in active use or storage and therefore not available at the time a citizen asks to examine it, the custodian shall certify this fact in writing to the applicant and set a date and hour within three (3) working days at which time the record will be available for the exercise of the right given by this chapter.

(f)

(1) No request to inspect, copy, or obtain copies of public records shall be denied on the ground that information exempt from disclosure is commingled with nonexempt information.

(2) Any reasonably segregable portion of a record shall be provided after deletion of the exempt information.

(3) The amount of information deleted shall be indicated on the released portion of the record and, if technically feasible, at the place in the record where the deletion was made.

(4) If it is necessary to separate exempt from nonexempt information in order to permit a citizen to inspect, copy, including without limitation copying through image capture, including still and moving photography and video and digital recording, or obtain copies of public records, the custodian shall bear the cost of the separation.

(g) Any computer hardware or software acquired by an entity subject to § 25-19-103(7)(A) after July 1, 2001, shall be in full compliance with the requirements of this section and shall not impede public access to records in electronic form.

(h) Notwithstanding any Arkansas law to the contrary, at the conclusion of any investigation conducted by a state agency in pursuit of civil penalties against the subject of the investigation, any settlement agreement entered into by a state agency shall be deemed a public document for the purposes of this chapter. However, the provisions of this subsection shall not apply to any investigation or settlement agreement involving any state tax covered by the Arkansas Tax Procedure Act, § 26-18-101 et seq.

**APPENDIX 7A
INFORMATION TECHNOLOGY ACCESS FOR THE BLIND**

**TITLE 25
STATE GOVERNMENT**

**CHAPTER 26
INFORMATION TECHNOLOGY**

**Subchapter 2
Information Technology Access for the Blind**

25-26-201. Findings and policy.

(a) The General Assembly finds that:

- (1) The advent of the information age throughout the United States and around the world has resulted in lasting changes in information technology;
- (2) Use of interactive visual display devices by state and state-assisted organizations has become a widespread means of access for employees and the public to obtain information available electronically, but nonvisual access by speech, braille, or other appropriate means has been overlooked in the development of the latest information technology;
- (3) Presentation of electronic data solely in a visual format is a barrier to access by individuals who are blind or visually impaired, preventing them from participating on equal terms in crucial areas of life such as education and employment;
- (4) Alternatives, including both software and hardware adaptations, have been created so that interactive control of computers and use of the information presented is more likely to be available by both visual and nonvisual means; and
- (5) The goals of the state in obtaining and deploying the most advanced forms of information technology properly include universal access so that segments of society with particular needs, including without limitation individuals unable to use visual displays, will not be left out of the information age.

(b) It is the policy of the State of Arkansas that all programs and activities that are supported in whole or in part by public funds shall be conducted in accordance with the following principles:

- (1) To the extent provided in this subchapter, individuals who are blind or visually impaired shall be provided access to the advanced technology that is provided to other employees, program participants, and members of the general public;
- (2) To the extent provided in this subchapter, technology purchased in whole or in part with funds provided by the state to be used for the creation, storage, retrieval, or dissemination of information and intended for use by employees, program participants, and members of the general public shall be accessible to and usable by individuals who are blind or visually impaired; and

(3) If technology that allows access for individuals who are blind or visually impaired is not reasonably available, individuals who are blind or visually impaired shall be provided a reasonable accommodation as defined in 42 U.S.C. § 12111(9), as it existed on January 1, 2013.

History. Acts 1999, No. 1227, § 1; 2013, No. 308, § 1.

25-26-202. Definitions.

For purposes of this subchapter:

(1) "Access" means the ability to receive, use, and manipulate data and operate controls included in information technology;(2) "Blind or visually impaired individual" means an individual who:

- (A) Has a visual acuity of twenty/two hundred (20/200) or less in the better eye with correcting lenses or has a limited field of vision so that the widest diameter of the visual field subtends an angle no greater than twenty degrees (20°);
- (B) Has a medically indicated expectation of visual deterioration; or
- (C) Has a medically diagnosed limitation in visual functioning that restricts the individual's ability to read and write standard print at levels expected of individuals of comparable ability;

(3) "Covered entity" means the state or any state-assisted organization;

(4) "Information technology" means all electronic information processing hardware and software, including telecommunications;

(5) "Nonvisual" means synthesized speech, braille, and other output methods not requiring sight;

(6) "Reasonably available" means developed and available for purchase for a price as provided in this subchapter from:

- (A) The vendor that provided the product that is to be used by visual users; or
- (B) Another vendor if the technology is available from more than one (1) vendor in the marketplace;

(7) "State" means the state or any of its departments, agencies, public bodies, or other instrumentalities;

(8) "State-assisted organization" means a college, nonprofit organization, person, political subdivision, school system, or other entity supported in whole or in part by state funds; and

(9) "Telecommunications" means the transmission of information, images, pictures, voice or data by radio, video, or other electronic or impulse means.

25-26-203. Assurance of nonvisual access.

In general, the head of each covered entity shall ensure that information technology equipment

and software used by employees, program participants, or members of the general public:

- (1) Provide blind or visually impaired individuals with access, to the extent provided in this subchapter, to interactive use of the equipment and services that is equivalent to that provided to individuals who are not blind or visually impaired;
- (2) Are designed to present information, including, but not limited to, prompts used for interactive communications in formats intended for both visual and nonvisual use; and
- (3) Have been purchased under a contract which includes the technology access clause required pursuant to § 25-26-204.

History. Acts 1999, No. 1227, § 3; 2013, No. 308, § 3.

25-26-204. Procurement requirements.

(a)

(1) The technology access clause specified in § 25-26-203 shall be developed by the Division of Information Systems and shall require compliance with nonvisual access standards established by the division.

(2) The technology access clause shall be included in all contracts for the procurement of information technology by or for the use of entities covered by this subchapter on or after July 30, 1999.

(b) The nonvisual access standards established by the division under subsection (a) of this section shall:

- (1) Include the specifications necessary to fulfill the assurances in § 25-26-203;
- (2) Follow the standards for software applications and operating systems provided by 36 C.F.R § 1194.21, as it existed on January 1, 2019, subject to the provisions of 36 C.F.R. §§ 1194.1 -- 1194.4, as they existed on January 1, 2019;
- (3) Follow the standards for web-based intranet and internet information and applications provided by 36 C.F.R § 1194.22, as it existed on January 1, 2019, subject to the provisions of 36 C.F.R. §§ 1194.1 – 1194.4, as they existed on January 1, 2019; and
- (4) Include the following minimum specifications:

(A) That, to the extent provided in this subchapter, effective, interactive control and use of the technology, including without limitation the operating system, software applications , and format of the data presented is readily achievable by nonvisual means;

(B) That, to the extent provided in this subchapter, the technology equipped for nonvisual access is compatible with information technology used by other individuals with whom the blind or visually impaired individual interacts;

(C) That, to the extent provided in this subchapter, nonvisual access technology is integrated into networks used to share communications among employees, program participants, and the public; and

(D) That, to the extent provided in this subchapter, the technology for nonvisual access has the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons

who are not blind or visually impaired.

(c) The minimum specifications under subsection (b) of this section do not prohibit the purchase or use of an information technology product that does not meet these standards if the information manipulated or presented by the product is inherently visual in nature so that its meaning cannot be conveyed nonvisually.

APPENDIX 7B

TECHNOLOGY ACCESS CLAUSE

TECHNOLOGY ACCESS: When procuring a technology product or when soliciting the development of such a product, the State of Arkansas is required to comply with the provisions of Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, which expresses the policy of the State to provide individuals who are blind or visually impaired with access to information technology purchased in whole or in part with state funds. The Vendor expressly acknowledges and agrees that state funds may not be expended in connection with the purchase of information technology unless that system meets the statutory requirements found in 36 C.F.R. § 1194.21, as it existed on January 1, 2013 (software applications and operating systems) and 36 C.F.R. § 1194.22, as it existed on January 1, 2013 (web-based intranet and internet information and applications), in accordance with the State of Arkansas technology policy standards relating to accessibility by persons with visual impairments.

ACCORDINGLY, THE VENDOR EXPRESSLY REPRESENTS AND WARRANTS to the State of Arkansas through the procurement process by submission of a Voluntary Product Accessibility Template (VPAT) or similar documentation to demonstrate compliance with 36 C.F.R. § 1194.21, as it existed on January 1, 2013 (software applications and operating systems) and 36 C.F.R. § 1194.22, as it existed on January 1, 2013 (web-based intranet and internet information and applications) that the technology provided to the State for purchase is capable, either by virtue of features included within the technology, or because it is readily adaptable by use with other technology, of:

- Providing, to the extent required by Ark. Code Ann. § 25-26-201 et seq., as amended by Act 308 of 2013, equivalent access for effective use by both visual and non-visual means;
- Presenting information, including prompts used for interactive communications, in formats intended for non-visual use;
- After being made accessible, integrating into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired;
- Providing effective, interactive control and use of the technology, including without limitation the operating system, software applications, and format of the data presented is readily achievable by nonvisual means;
- Being compatible with information technology used by other individuals with whom the blind or visually impaired individuals interact;
- Integrating into networks used to share communications among employees, program participants, and the public; and
- Providing the capability of equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

If the information technology product or system being offered by the Vendor does not completely meet these standards, the Vendor must provide an explanation within the Voluntary Product Accessibility Template (VPAT) detailing the deviation from these standards.

State agencies cannot claim a product as a whole is not commercially available because no product in the marketplace meets all the standards. If products are commercially available that

meet some but not all of the standards, the agency must procure the product that best meets the standards or provide written documentation supporting selection of a different product.

For purposes of this section, the phrase “equivalent access” means a substantially similar ability to communicate with, or make use of, the technology, either directly, by features incorporated within the technology, or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans with Disabilities Act or similar state and federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands or other means of navigating graphical displays, and customizable display appearance. As provided in Act 308 of 2013, if equivalent access is not reasonably available, then individuals who are blind or visually impaired shall be provided a reasonable accommodation as defined in 42 U.S.C. § 12111(9), as it existed on January 1, 2013.

As provided in Act 308 of 2013, if the information manipulated or presented by the product is inherently visual in nature, so that its meaning cannot be conveyed non-visually, these specifications do not prohibit the purchase or use of an information technology product that does not meet these standards.

APPENDIX 9 PROHIBITED CONTRACTS AND INVESTMENTS

TITLE 25 STATE GOVERNMENT

CHAPTER 1 GENERAL PROVISIONS

Subchapter 5 Prohibited Contracts and Investments

25-1-501. Legislative findings.

The General Assembly finds that:

- (1) Boycotts and related tactics have become tools of economic warfare that threaten the sovereignty and security of key allies and trade partners of the United States;
- (2) The State of Israel is the most prominent target of such boycott activity, which began with but has not been limited to the Arab League boycott adopted in 1945, even before Israel's declaration of independence as the reestablished national state of the Jewish people;
- (3) Companies that refuse to deal with United States trade partners such as Israel, or entities that do business with or in such countries, make discriminatory decisions on the basis of national origin that impair those companies' commercial soundness;
- (4) It is the public policy of the United States, as enshrined in several federal acts, to oppose boycotts against Israel, and the United States Congress has concluded as a matter of national trade policy that cooperation with Israel materially benefits United States companies and improves American competitiveness;
- (5) Israel in particular is known for its dynamic and innovative approach in many business sectors, and therefore a company's decision to discriminate against Israel, Israeli entities, or entities that do business with or in Israel, is an unsound business practice, making the company an unduly risky contracting partner or vehicle for investment; and
- (6) Arkansas seeks to act to implement the United States Congress's announced policy of "examining a company's promotion or compliance with unsanctioned boycotts, divestment from, or sanctions against Israel as part of its consideration in awarding grants and contracts and supports the divestment of state assets from companies that support or promote actions to boycott, divest from, or sanction Israel".

History. Acts 2017, No. 710, § 1.

25-1-502. Definitions.

(B) A company's statement that it is participating in boycotts of Israel, or that it has taken the boycott action at the request, in compliance with, or in furtherance of calls for a boycott of Israel, can be considered by the Arkansas Development Finance Authority as a type of evidence, among others, that a company is participating in a boycott of Israel;

(2) "Company" means a sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company, or other entity or business association, including all wholly owned subsidiaries, majority-owned subsidiaries, parent companies, or affiliates of those entities or business associations;

(5) "Public entity" means the State of Arkansas, or a political subdivision of the state, including all boards, commissions, agencies, institutions, authorities, and bodies politic and corporate of the state, created by or in accordance with state law or rules, and does include colleges, universities, a statewide public employee retirement system, and institutions in Arkansas as well as units of local and municipal government;

R1: 25-1-503 PROHIBITION FROM PUBLIC ENTITIES CONTRACTING WITH COMPANIES THAT BOYCOTT ISRAEL

(a) The contractor must certify that the contractor is not currently engaged in, and agrees that for the aggregate term of the contract will not engage in, a boycott of Israel. The instructions for certification on contracts over seventy-five thousand dollars (\$75,000) will be provided in the contract solicitation. The instructions for certification on contracts under seventy-five thousand dollars (\$75,000) will be provided on the OSP website.

(b) If the contractor violates the above certification or is found to not be in compliance during the term of the contract, the state may require the contractor to remedy the violation within 60 days of discovery of that violation. Failure to remedy the violation within the 60 day period may result in termination for breach of contract, and the contractor may be liable to the State for the State's actual damages.

(c) This rule applies to written contracts only and is to be applied prospectively. Any written contract entered into prior to August 1, 2017 does not require certification.

25-1-504. Prohibition on direct investments in companies that boycott Israel.

(2) For each company newly identified and added to the list of restricted companies, the public entity through its asset managers shall send a written notice informing the company of its status and that it may become subject to divestment by the public entity.

(3) If, following the engagement by the public entity through its asset managers with a restricted company, that company ceases activity that designates it as a restricted company and submits a written certification to the public entity that it shall not reengage in such activity for the duration of any investment by the public entity, the company shall be removed from the restricted companies list.

(4) The public entity shall keep and maintain the list of restricted companies and all written certifications from restricted and previously restricted companies.

(C) Upon request from the Arkansas Development Finance Authority, each public entity shall provide the Arkansas Development Finance Authority with information regarding investments sold, redeemed, divested, or withdrawn in compliance under this section.

(2) The public entity shall not acquire securities of restricted companies as part of direct holdings.

(c)
